ANNOUNCEMENT OF FIRST INTERIM DIVIDEND

Following a review of the third quarter result for the financial year ending December 31st, 2015 the board of Communications Fiji Ltd (CFM) has announced an interim dividend of 4 cents per share.

Chairman, Matt Wilson said the company's Fiji operations are performing strongly and it expects to deliver a good result for the year." We enjoyed robust advertising growth in the third quarter and we expect this to continue through the festive season."

In addition, the company expects a positive return from its shareholding in 231 Waimanu Rd Ltd (50%). This company owns the building which houses Communications Fiji Ltd studios. "The property, which is in a prime location, is fully tenanted."

Papua New Guinea CFM's subsidiary PNG FM Ltd faces challenging times as the PNG economy slows. "While profitability will drop, it remains significant, underpinned by the dominant position in the market of our three radio stations," said Mr Wilson.

He said PNG FM Ltd associate company Paradise Cinemas Ltd remains a concern. "We expect a similar result to last year (after tax loss K2.24 million). We are in the final stages of completing a comprehensive review of this investment, especially its debt structure and expect to be making some announcements early in 2016".
