FMF FOODS LIMITED AND SUBSIDIARIES

DIRECTORS' REPORT

In accordance with a resolution of the Board of Directors, the Directors herewith submit the consolidated statement of financial position of FMF Foods Limited ("the Company") and subsidiaries (together "the Group") as at 30 June 2018 and the related consolidated statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and report as follows:

1 Directors

The following were Directors of the Company at any time during the financial year and up to the date of this report:

- Hari Punja _{Order of Fiii. OBE} Chairman
- Rohit Punja Executive Director
- Ram Bajekal Managing Director
- Ajai Punja
- Gary Callaghan
- Pramesh Sharma
- Leena Punja (Alternate Director to Hari Punja)

2 Principal activities

The principal activities of the Group comprise of milling of wheat, whole dunfield peas, manufacturing of packaging materials including corrugated cartons, assorted containers and bags, manufacturing of biscuits and snack food products, sale of rice, wheat and related products and investments.

3 Trading results

The net profit after income tax of the Group attributable to the members of the Company for the year was \$7.46m (2017: \$15.68m).

4 Provisions

There were no material movements in provisions.

5 Dividends

During the year, your Company has declared an interim dividend of 1.73 cents per equity share (2017: 1.40 cents) entailing outflow of \$2.60m (2017: \$2.10m). No further dividend is recommended for the financial year ended 30 June 2018.

6 Going concern

The financial statements have been prepared on a going concern basis. We consider the application of the going concern principle to be appropriate in the preparation of these financial statements as we believe that the Group has adequate funds to meet its liabilities as and when they fall due over the next twelve months.

FMF FOODS LIMITED AND SUBSIDIARIES

DIRECTORS' REPORT (Cont'd)

7 Bad and doubtful debts

The Directors took reasonable steps before the financial statements were made out, to ascertain that all known bad debts were written off and adequate provision was made for doubtful debts. At the date of this report, the Directors are not aware of any circumstances which would render the amount written off for bad debts, or the amount of the allowance for doubtful debts, inadequate to any substantial extent.

8 Current assets

The Directors took reasonable steps before the financial statements were made out to ascertain that the current assets of the Group were shown in the accounting records of the Group at a value equal to or below the value that would be expected to be realised in the ordinary course of the business. At the date of this report, the Directors are not aware of any circumstances which would render the values attributable to the current assets in the financial statements misleading.

9 Events subsequent to balance date

No charge on the assets of the Group has arisen since the end of the financial year to the date of this report to secure the liabilities of any other person.

No contingent liability has arisen since the end of the financial year to the date of this report.

No contingent or other liability has become enforceable or is likely to become enforceable within a period of twelve months after the date of this report which, in the opinion of the Directors, will or may affect the ability of the Group to meet its obligations as and when they fall due.

10 Related party transactions

In the opinion of the Directors all related party transactions have been adequately recorded in the books of the Group.

11 Other circumstances

At the date of this report, the Directors are not aware of any circumstances not otherwise dealt with in this report or financial statements which would render any amounts stated in the financial statements misleading.

12 Unusual transactions

The results of the Group's operations during the year have not in the opinion of the Directors been substantially affected by any item, transaction or event of a material and unusual nature other than those disclosed in the financial statements.

FMF FOODS LIMITED AND SUBSIDIARIES

DIRECTORS' REPORT (Cont'd)

13 Directors' and executive managements' interests

Interest of Directors, Executive Management and any additions thereto during the year in the ordinary shares of the Company are as follows:

	<u>Bene</u>	<u>Beneficially</u>		eneficially
	<u>Additions</u>	<u>Holding</u>	<u>Additions</u>	<u>Holding</u>
Hari Punja	-	-	-	106,124,847
Gary Callaghan	-	1,700,225	-	1,487,240
Ajai Punja	-	-	-	106,124,847
Rohit Punja	-	-	-	106,124,847
Leena Punja (Alternate to Hari Punja)	-	-	-	106,124,847
Anuj K Patel	-	17,500	-	-

14 Directors' benefits

No Director of the Company has, since the end of the previous financial year, received or become entitled to receive a benefit (other than a benefit included in the total amount of emoluments received or due and receivable by Directors as shown in the financial statements) by reason of any contracts made by the Company with the Director or with a firm of which he/she is a Member, or with a company in which he/she has substantial financial interest.

For and on behalf of the Board and in accordance with a resolution of the Directors.

Dated this 19th day of September 2018.

Director

FMF FOODS LIMITED AND SUBSIDIARIES

DIRECTORS' DECLARATION

The declaration by Directors is required by the Companies Act, 2015.

The Directors of the Company have made a resolution that declares:

- a) In the opinion of the Directors, the financial statements of the Group for the financial year ended 30 June 2018:
 - i) comply with the International Financial Reporting Standards and give a true and fair view of the financial position of the Group as at 30 June 2018 and of the performance and cash flows of the Group for the year ended 30 June 2018; and
 - ii) have been prepared in accordance with the Companies Act, 2015.
- b) The Directors have received independence declaration by auditors as required by Section 395 of the Companies Act, 2015; and
- c) At the date of this declaration, in the opinion of the Directors, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

For and on behalf of the Board and in accordance with a resolution of the Directors.

Dated this 19th day of September 2018.

AUDITOR'S INDEPENDENCE DECLARATION TO THE DIRECTORS OF FMF FOODS LIMITED

As group auditor for FMF Foods Limited and its subsidiaries for the financial year ended 30 June 2018, 1 declare to the best of my knowledge and belief, there have been:

- a) no contraventions of the auditor independence requirements of the Companies Act 2015 in relation to the audit; and
- b) no contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of FMF Foods Limited and the entities it controlled during the financial year.

Independent Auditor's Report

To the Shareholders of FMF Foods Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of FMF Foods Limited (the 'Company') and its subsidiaries (together the 'Group'), which comprise the consolidated statement of financial position as at 30 June 2018, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 30 June 2018, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the ethical requirements of the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) that are relevant to our audit of the consolidated financial statements in Fiji, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

......

PricewaterhouseCoopers is a member firm of PricewaterhouseCoopers International Limited, each member firm of which is a separate legal entity.

Key audit matter

Timing of recognition for export revenues (Refer also to Note 2.18)

Timing of recognition for export revenues is considered a key audit matter, as sales into overseas markets represent a significant portion of total Group revenues and the appropriate recognition for export revenues is dependent on export sales terms, shipping arrangements and movements.

These terms vary by customer and delivery of goods to customers may take up to a month, thereby increasing the risk of premature recognition of export revenues occurring close to balance date.

How our audit addressed the key audit matter

Our audit procedures to ensure export revenues were accounted for in the correct accounting period included the following:

- Understanding and evaluating the appropriateness of the Group's accounting policies, processes and controls over the timing of recognition for export sales.
- Testing the timing of recording export sales by selecting a sample of export sale transactions recorded in the accounting records before and after the balance date, and sighting the sales terms and internal and external shipping documents to ensure if the export sales were recorded in the correct accounting period.
- Testing a sample of export sale transactions recorded during the year back to supporting details of sales terms and shipping documents.
- Obtaining confirmations of accounts receivable balances from a selection of export sale customers as at balance date.

Key audit matter

Volume of wheat inventory (Refer also to Notes 2.10 and 12)

Wheat inventory stored in silos represents a significant portion of the Group's raw materials balance within total inventories. The quantity of wheat inventory on hand at balance date is determined by physical measurement of volume at that date. The measurement of volume of wheat inventory stored in silos involves some judgment and estimates regarding the silos and level of contents, and accordingly, the existence of wheat inventory is considered a key audit matter.

How our audit addressed the key audit matter

Our audit procedures in response to the existence and measurement of volume of wheat inventory included the following:

- Understanding and evaluating the appropriateness of the Group's accounting policies, processes and controls over the measurement of volume of wheat inventory.
- Attending the annual inventory measurement on all silos at balance date and observing the measurements of the silo's contents.
- Agreeing assumptions and inputs on the volume calculation models to supporting documentations from the silo manufacturer and externally available industry data and considering their reasonableness.
- Reperforming volume calculations performed by management to ensure they were accurate.
- Performing sensitivity analysis on the volume calculation models to ascertain whether sensitivities calculated are materially significant.

Other Information

The directors and management are responsible for the other information. The other information comprises the information included in the Group's Annual Report for the year ended 30 June 2018 (but does not include the consolidated financial statements and our auditor's report thereon).

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard, except that not all other information was available to us at the date of our signing.

Responsibilities of Directors and Management for the Consolidated Financial Statements

The directors and management are responsible of the consolidated financial statements that give a true and fair view in accordance with International Financial Reporting Standards and with the requirements of the Fiji Companies Act 2015, and for such internal control as the directors and management determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors and management are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors and management either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors and management are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors and management.
- Conclude on the appropriateness of the directors' and management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors and management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors and management with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors and management, we determine those matters that were of most significance in the audit of the consolidated financial statements for the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Otlier Legal and Regulatory Requirements

In our opinion, the consolidated financial statements have been prepared in accordance with the requirements of the Fiji Companies Act 2015, in all material respects, and;

- a) we have been given all information, explanations and assistance necessary for the conduct of the audit; and
- b) the Group has kept financial records sufficient to enable the consolidated financial statements to be prepared and audited.

Restriction on Use

This report is made solely to the Company's shareholders, as a body, in accordance with Section 396(1) of the Fiji Companies Act 2015. Our audit work has been undertaken so that we might state to the Company's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

1 GENERAL INFORMATION

FMF Foods Limited ('the Company') and its subsidiaries (together forming 'the Group') engage in the milling of wheat, whole dunfield peas, manufacturing of packaging materials including corrugated cartons, assorted containers and bags, manufacturing of biscuits and snacks food products, sale of rice, wheat and related products and investments. The Company is a limited liability company incorporated and domiciled in the Republic of Fiji. The Company and two of its subsidiaries, The Rice Company of Fiji Limited and Atlantic & Pacific Packaging Company Limited are listed on the South Pacific Stock Exchange.

These financial statements were authorised for issue by the Board of Directors on 19 September 2018.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted by the Group are stated to assist in a general understanding of these financial statements. These policies have been consistently applied by the Group except where otherwise indicated.

2.1 Basis of preparation

The financial statements of the Group have been prepared in accordance with the provisions of the Companies Act 2015 and International Financial Reporting Standards ("IFRS") and IFRS Interpretations Committee (IFRS IC) interpretations. The financial statements have been prepared under the basis of historical costs.

(a) New and amended standards adopted by the Group

There are no IFRSs or IFRS IC interpretations that are effective for the first time for the financial year beginning on or after 1 July 2017 that have a material impact on the Group.

(b) New standards and amendements issued but not effective for the financial year beginning 1 July 2017 and not early adopted

Certain new and amended standards have been published that are not mandatory for financial year beginning 1 July 2017 and have not been early adopted by the Group. The impact and interpretation of these new standards is set out below.

IFRS 9 Financial Instruments

Addresses the classification, measurement and recognition of financial assets and financial liabilities. It replaces the guidance in IAS 39 that relates to the classification and measurement of financial instruments. IFRS 9 retains but simplifies the mixed measurement model and establishes three primary measurement categories for financial assets: amortised cost, fair value through other comprehensive income and fair value through profit or loss. The basis of classification depends on the entity's business model and the contractual cash flow characteristics of the financial asset. Investments in equity instruments are required to be measured at fair value through profit or loss with the irrevocable option at inception to present changes in fair value in other comprehensive income not recycling. There is now a new expected credit losses model that replaces the incurred loss impairment model used in IAS 39. For financial liabilities there were no changes to classification and measurement except for the recognition of changes in own credit risk in other comprehensive income, for liabilities designated at fair value through profit or loss. The standard is effective for accounting periods beginning on or after 1 January 2018. Early adoption is permitted.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.1 Basis of preparation (Cont'd)

(b) New standards and amendments issued but not effective for the financial year beginning 1 July 2017 and not early adopted (Cont'd)

IFRS 15 Revenue from contracts with customers

This standard deals with revenue recognition and establishes principles for reporting useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from an entity's contracts with customers. Revenue is recognised when a customer obtains control of a good or service and thus has the ability to direct the use and obtain the benefits from the good or service. The standard replaces IAS 18 'Revenue' and IAS 11 'Construction contracts' and related interpretations. The standard is effective for accounting periods beginning on or after 1 January 2018. Early adoption is permitted.

IFRS 16 Leases

Replaces the current guidance in IAS 17. Under IFRS 16, a contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Under IAS 17, a lessee was required to make a distinction between a finance lease (on balance sheet) and an operating lease (off balance sheet). IFRS 16 now requires a lessee to recognise a lease liability reflecting future lease payments and a 'right-of-use asset' for virtually all lease contracts. Included is an optional exemption for certain short-term leases and leases of low-value assets; however, this exemption can only be applied by lessees. The standard is effective for accounting periods beginning on or after 1 January 2019. Early adoption is permitted but only in conjunction with IFRS 15, 'Revenue from contracts with customers.

The Group intends to adopt the standards no later than the accounting period in which they become effective.

2.2 Principles of consolidation

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis, either at fair value or at the non-controlling interest's proportionate share of the recognised amounts of acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.2 Principles of consolidation (Cont'd)

Subsidiaries (Cont'd)

Inter-company transactions, balances, income and expenses on transactions between group companies are eliminated. Profits and losses resulting from intercompany transactions that are recognised in assets are also eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

2.3 Segment reporting

The Board of Directors is the Group's chief operating decision-maker. Management has determined the operating segments based on the information reviewed by the Board of Directors for the purposes of allocating resources and assessing performance.

An operating segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different from those of other operating segments. A geographical segment is engaged in providing products or services within a particular economic environment that are subject to risks and return that are different from those segments operating in other economic environments. The Group operates predominantly within one geographical segment, that is, Fiji. For reporting purposes, the Group considers itself to be operating in three business segments as follows:

- (a) food products manufacture and/or sale of a wide variety of famous products to its local as well as export market such as biscuits, snacks, peas, flour, etc.;
- (b) packaging materials production of corrugated cartons as well as plastic pails/buckets and nylon bags; and
- (c) properties leases out properties based on intercompany arrangements

2.4 Foreign currency translation

(a) Functional and presentation currency

Itéms included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Fijian Dollars, which is the Company's functional currency.

(b) Transactions and balances

Foreign currency transactions are translated into the Fijian currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

2.5 Property, plant and equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.5 Property, plant and equipment (Cont'd)

Depreciation/amortisation is calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives, as follows:

Premium on leasehold land - term of lease
Buildings - 2% - 10%
Plant and machinery - 4% - 33%
Motor vehicles - 25%
Furniture, fittings & office machines - 6.7% - 25%
Computers - 33%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.6 Financial assets

The Group classifies its financial assets in the following categories: loans and receivables and held-to-maturity financial assets. Management determines the classification of its financial assets at initial recognition. The classification depends on the purpose for which the financial assets were acquired.

2.6.1 Classification

(a) Loans and receivables

The Group's loans and receivables comprise 'trade and other receivables' and 'cash and cash equivalents'.

(b) Held-to-maturity financial assets

Held-to-maturity financial assets are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Group's management has the positive intention and ability to hold to maturity. For the Group, these comprise of term deposit investments.

2.6.2 Recognition and measurement

Regular purchases and sales of financial assets are recognised on trade-date – the date on which the Group commits to purchase or sell the asset. Financial assets are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition.

Loans and receivables and held-to-maturity investments are subsequently carried at amortised cost using the effective interest method.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.6 Financial assets (Cont'd)

2.6.2 Recognition and measurement (Cont'd)

Financial assets are derecognised when the rights to receive cash flows from them have expired or where they have been transferred and the Group has also transferred substantially all risks and rewards of ownership.

Interest income on held-to-maturity investments are included in profit or loss and are reported under finance income as interest income. In the case of impairment, it is reported as a deduction from the carrying value of the investment and recognised in profit or loss as impairment on investment.

2.7 Offsetting financial instruments

Financial assets and liabilities are offset when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.8 Impairment of financial assets

The Group assesses at each balance date whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that have occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

For loans and receivables and held-to-maturity categories, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognised in profit or loss.

2.9 Impairment of non-financial assets

Assets that have an indefinite useful life, are not subject to amortisation and are tested annually for impairment and whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and the value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.10 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average cost (WAC) method. The cost of finished goods and work in progress comprises design costs, raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity). It excludes borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

Inventory quantities are regularly reviewed and a provision is recorded for any slow moving and/or obsolete inventory based on future demand forecasts, production and servicing requirements, technological changes and other factors.

2.11 Trade receivables

Trade receivables are recognised at invoice amount. A provision for impairment of trade receivables is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that the trade receivable is impaired.

The carrying amount of the asset is reduced through the use of an allowance account, and the amount of the loss is recognised in profit or loss within other operating expenses.

When a trade receivable is uncollectible, it is written off against the allowance account for trade receivables. Subsequent recoveries of amounts previously written off are credited to other operating income in profit or loss.

2.12 Cash and cash equivalents

In the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with banks and bank overdraft. In the statement of financial position, bank overdraft is shown in current liabilities.

2.13 Share capital

Ordinary shares are classified as equity.

2.14 Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade payables are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised at amortised cost.

2.15 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.15 Borrowings (Cont'd)

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.16 Current and deferred income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations is subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognised using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

2.17 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

2.18 Revenue recognition

Revenue comprises the consideration received or receivable for the sale of goods or services in the ordinary course of the Group's activities. Revenue is shown net of value-added tax, returns, rebates and discounts. Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer and the amount of revenue can be measured reliably.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.18 Revenue recognition (Cont'd)

Other income sources for the Group include:

(a) Dividend income

Dividend income is recognised when the right to receive dividend is established.

(b) Interest income

Interest income is recognised on an accrual basis.

2.19 Leases

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease.

Leases of property, plant and equipment where the Group have substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the lower of the fair value of the leased property, plant and equipment and the present value of the minimum lease payments. The corresponding rent obligations, net of finance charges, are included in other long term payables. Each lease payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding.

The interest element of the finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The property, plant and equipment acquired under finance leases are depreciated over the shorter of the asset's useful life and the lease term.

2.20 Employee benefits

Liabilities for employees' entitlements to wages and salaries, annual leave and other current employee entitlements (that are expected to be paid within twelve months) are accrued at undiscounted amounts, calculated at amounts expected to be paid as at balance date.

2.21 Dividend distribution

Dividend distribution to the shareholders is recognised as a liability in the financial statements in the period in which the dividends are declared by the Directors.

2.22 Earnings per share

Basic earnings per share

Basic earnings per share (EPS) is determined by dividing profit after income tax attributable to shareholders of the parent by the weighted-average number of ordinary shares as at balance date.

Diluted earnings per share

Diluted EPS is the same as the basic EPS as there are no potential ordinary shares which are considered dilutive.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.23 Comparative figures

Where necessary, amounts relating to prior years have been reclassified to facilitate comparison and achieve consistency in disclosure with current year amounts.

3 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Except for the depreciation/amortisation of property, plant and equipment (Note 2.5) and inventory valuation (Note 2.10), the Group does not have any significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have a significant effect on the amounts recognised in the financial statements.

4 FINANCIAL RISK MANAGEMENT

The Group's activities expose it to a variety of financial risks: market risk (including currency risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

Risk management is carried out by the Executive Management. The Executive Management under the directions of the Audit and Finance Committee identifies and evaluates financial and operational risks. The Board provides overall direction in risk management.

(a) Market risk

Foreign exchange risk

The Group is exposed to foreign exchange risk arising from various currency exposures in respect to purchase of inventory, primarily with respect to the Australian and New Zealand dollar. Foreign exchange risk arises from future commercial transactions and liabilities.

Management has set up a policy to require the the Group to manage its foreign exchange risk against its functional currency, in this case the Fijian dollar. Foreign exchange risk arises when future commercial transactions or recognised assets or liabilities are denominated in a currency other than the Fijian Dollar. For significant settlements, the Group is required to seek quotations from recognised banks and use the most favourable exchange rate for purposes of the settlement. A foreign currency account is also maintained which is used for settlement of foreign currency payments to overseas suppliers.

To determine the Group's sensitivity to foreign exchange risk, the Group calculates an implied volatility in exchange rates by calculating the maximum variation of daily spot rates from the average exchange rate for the year.

As at year end, assets and liabilities denominated in foreign currencies are not significant and hence changes in foreign currency exchange rate is expected to have minimal impact on the net profit and equity balances currently reflected in the financial statements.

4 FINANCIAL RISK MANAGEMENT (Cont'd)

(a) Market risk (Cont'd)

Interest rate risk

The Group's interest rate risk arises from borrowings and bank overdrafts. Borrowings and bank overdraft issued at variable rates expose the Group to cash flow interest rate risk. There are no borrowings issued at fixed rates. All borrowings are in local currency. The Group regularly negotiates its interest rate with the Banks so that the lowest possible rate is available.

As at 30 June 2018, if interest rates on borrowings and bank overdrafts had been 10 basis points higher/lower with all other variables held constant, post-tax profit and equity for the year would have been \$8,261k/ \$8,719k (2017: \$16,664k/ \$17,122k) lower/higher, mainly as a result of higher/lower interest expense on floating rate borrowings.

(b) Credit risk

Credit risk is managed by management with board oversight. Credit risk arises from cash and cash equivalents, and deposits with banks and financial institutions, as well as credit exposures to wholesale and retail customers, including outstanding receivables.

As part of its risk control procedures, an assessment of the credit quality of a new customer, taking into account its financial position, past experience and other factors is carried out. Individual credit risk limits are then set based on the assessments done. The utilisation of credit limits is regularly monitored. Sales to credit retail customers are settled in either cash or bank cheques.

For banks and financial institutions, independent credit ratings exist for the Group to assess the credit quality of the counterparties and monitor any credit deterioration.

(c) Liquidity risk

Prudent liquidity risk management implies managing cash generated by its operations combined with bank borrowings. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts and borrowings. Management monitors rolling forecasts of the Group's liquidity reserve comprising cash and cash equivalents on the basis of expected cash flows.

The Group's financial liabilities are analysed below into relevant maturity groupings based on the remaining period at balance date to the contractual maturity date, including contractual undiscounted cash flows (consisting of outstanding principal balance plus future interest payments, if any).

	Contrac	Contractual Undiscounted Cash Flows			
	Up to 1	1 to 2	2 to 5		Carrying
	year	years	years	Total	amount
	\$'000	\$'000	\$'000	\$'000	\$'000
As at 30 June 2018

Total	37,127	7,034	3,346	47,507	41,050
As at 30 June 2017					
Bank overdraft	27,905	-	-	27,905	27,905
Borrowings	7,529	7,267	3,462	18,258	17,417
Trade and other payables	11,220	-	-	11,220	11,220
Owing to related companies	457	-	-	457	457
Total	47,111	7,267	3,462	57,840	56,999

Letters of credit and guarantees are disclosed in the Note 28.

5 CAPITAL RISK MANAGEMENT

The Group's objectives when managing capital is to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt. The Group has a number of financial covenants to comply with as part of the terms of its borrowings. These financial covenants are managed as part of the Group's capital management. The Group has complied with all its externally imposed capital requirements.

The Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings less cash and cash equivalents. Total capital is calculated as equity plus net debt. During 2018, the Group's strategy was to maintain a gearing ratio of up to 14% (unchanged from 2017).

The gearing ratio for the Group was as follows:

		2018 \$'000	2017 \$'000
	otal borrowings (Note 21) ash and cash equivalents (Note 11)	11,220 (2,686)	17,417 2,736

	2018 \$'000	2017 \$'000
Term deposits	9,730	7,730

The above term deposits are short term in nature but more than 90 days. \$9.73m (2017: \$7.13m) of the group term deposits are held as lien for the \$6.75m (2017: \$6.75m) bank overdraft facility with the bank. In case of default on the bank overdraft, the bank has the right to receive the cash flows from the term deposits.

16 INVESTMENTS IN SUBSIDIARIES

(a) The Group's principal subsidiaries at year end are set out below. They have share capital consisting solely of ordinary shares that are held directly by the Group, and the proportion of ownership interests held equals the voting rights held by the group. The country of incorporation or registration is also their principal place of business.

	Country of incorporation	% In	terest	Principal activities
	•	2018	2017	•
Pea Industries Limited	Fiji	100	100	Pea milling
Biscuit Company of (Fiji) Limited	d Fiji	100	100	Biscuit manufacture
DHF Limited	Fiji	100	100	Wheat and bakery ingredients sale
FMF Investment Company Limi	ted Fiji	100	100	Property management
FMF Snax Limited	Fiji	100	100	Snacks manufacture
Bakery Company (Fiji) Limited	Fiji	100	100	Biscuit manufacture
The Rice Company of Fiji Limite	ed Fiji	75	75	Rice sale
Atlantic & Pacific Packaging				Packaging materials
Company Limited	Fiji	60	60	manufacture
FMF Foods PNG Limited	PNG	100	100	Trading

(b) The financial statements of the subsidiaries, The Rice Company of Fiji Limited, FMF Snax Limited and FMF Investment Company Limited are audited by BDO Chartered Accountants.

(c) Material non-controlling interests

The two material subsidiaries with non-controlling interests are The Rice Company of Fiji Limited (RCF) and Atlantic & Pacific Packaging Company Limited (ATPACK) with 25% and 40% ordinary shares held by non-controlling interests respectively.

The total non-controlling interest at year end was \$5.92 (2017: \$5.54m), of which \$3.47m (2017: \$3.36m) was for RCF and \$2.45m (2017: \$2.18m) was attributed to ATPACK.

The profit/(loss) allocated to non-controlling interest for the year was \$1.03m (2017: \$1.21m), of which \$0.64m (2017: \$0.80m) was for RCF and \$0.39m (2017: (\$0.41m) was attributed to ATPACK.

The dividends paid to non-controlling interest during the year was \$0.65m (2017: \$0.53m), of which \$0.53 (2017: \$0.45m) was paid by RCF and \$0.13m (2017: \$0.08m) was paid by ATPACK.

16 INVESTMENTS IN SUBSIDIARIES (Cont'd)

Set out below are the summarised financial information for each subsidiary that has non-controlling interests that are material to the Group.

		2018	2017
		\$'000	\$'000

(a) Directors

The following were Directors of the Company at any time during the financial year and up to the date of this report:

- Hari Punja _{Order of Fiji, OBE} Chairman
- Rohit Punja Executive Director
- Ram Bajekal Managing Director
- Ajai Punja
- Gary Callaghan
- Pramesh Sharma
- Leena Punja (Alternate Director to Hari Punja)

(b) Immediate and ultimate holding company

The immediate and penultimate holding company is Hari Punja and Sons Limited (HPS). The ultimate holding company is Hari Punja Nominees Limited.

(c) Amounts owing by related companies

Holding company Fellow subsidiaries	-		
	-	-	

The receivables from related parties arise mainly from sale transactions and are due within two months after the date of sale. The receivables are unsecured in nature and bear no interest. No provisions are held against receivables from related parties (2017: \$Nil).

(d) Amounts owing to related companies

Holding company Fellow subsidiaries	64 381	- 457
	445	457

The payables to related parties bear no interest and payables arising from purchases are due within two months of purchases.

29 RELATED PARTIES (Cont'd)

(e)

30

	2018 \$'000	2017 \$'000
Related party transactions		
Significant transactions during the year with related parties were as f	ollows:	
	2018 \$'000	2017 \$'000
Income		
Sales	4	1
Administration fees	23	4
Expenses		
Management fee	1,532	1,691
Purchase of consumables	4,017	3,611
Dividends		
Dividend paid	1,883	1,521

The management fees are paid to HPS by the Holding Company and its subsidiaries in accordance with a management agreement the entities have with HPS. Sales, administration fess and purchase of consumables transactions are with the fellow subsidiaries of the Holding Company and its subsidiaries.

Dividends are paid to HPS by the Holding Company and its subsidiaries, namely Atlantic & Pacific Packaging Company Limited and the Rice Company of Fiji Limited.

During the year, interest-bearing advances were made within the Group. These amounts had been settled in full at year end.

(f) Key management personnel

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any Director (whether executive or otherwise) of that entity.

During the year the executives identified as key management personnel, with the greatest authority and responsibility for the planning, directing and controlling the activities of the Company were the Managing Director, the Group Chief Financial Officer (CFO) and the Group General Manager.

The amount of compensation of the key management personnel borne by and included in the Group is as follows:

Group is as ioliows.	2018 \$'000	2017 \$'000
Salaries and other short term benefits	635	616
OPERATING LEASES	2018 \$'000	2017 \$'000

The Group has leased various land under the crown lease agreements ranging from 60 to 99 years from the Government of Republic of Fiji for which the total commitments are as follows:

Payable not later than 1 year Payable later than 1 year but not later than 5 years Payable later than 5 years	157 629 13,345	157 629 13,503
	14.131	14.289

31 EVENTS SUBSEQUENT TO BALANCE DATE

No charge on the assets of the Group has arisen since the end of the financial year to the date of this report to secure the liabilities of any other person.

No contingent liability has arisen since the end of the financial year to the date of this report.

No contingent or other liability has become enforceable or is likely to become enforceable within a period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may affect the ability of the Group to meet its obligations when they fall due.
