

Market Announcement

Delay in Release of 2019 Annual Report

VB Holdings Limited wishes to advise the market that there will be a further delay in the release of our Annual Report as per our previous market announcement dated 30th April 2020, due to the disruptions in April because of the Covid-19 pandemic.

The report is at the final stages with our designing and printing team and will be released to the market as soon as possible.

At this stage the management anticipates the Annual Report will be released to the market before the end of June.

The revised timeframe is in line with the general extension granted to the listed companies by SPX, under the COVID-19 Regulatory Relief for Listed Entities which was announced in April, 2020.
