22 JUNE 2020

MARKET ANNOUNCEMENT

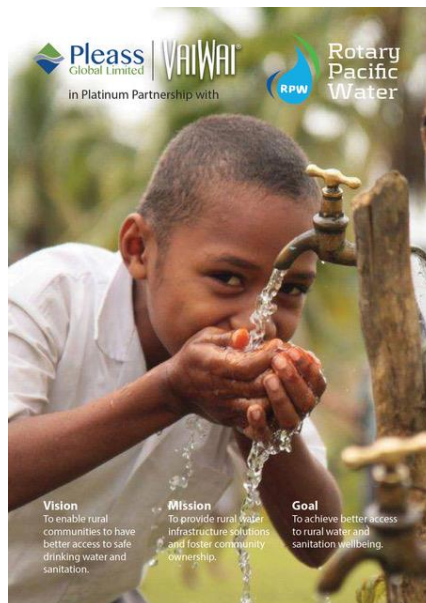

Pleass Global Limited through its premium VaiWai® Natural Artesian Water is attending the commissioning of two major water projects at Dreketi Village and Korotonatoga villages in Cakaudrove Province on Tuesday June 23rd, 2020.

VaiWai® brand has been the platinum donor to Rotary Water Pacific for several years and Pleass Global continues to support the valuable work the foundation undertakes.

Dreketi Village is home to some 150 people and has a gravity flow water system that is sourced from unreliable catchments and is untreated. Rotary Water Pacific is installing a new system of capture and treatment including sand filters and storage tanks which will result in vast improvement to the supply volume and quality of the water. Sanitation improvements are also part of this valuable project.

Korotonatoga Village houses 275 people and had previously drawn water from 3 surface water sources that are insufficient in volume to maintain supply and of unacceptable quality for consumption. Redesign of the system together with filtration and storage tanks will see a vast improvement in supply and quality of the water supply.

Supply of reliable clean water and sanitation solutions is life changing and VaiWai® is proud to support these projects and celebrate the commissioning with Rotary Water Pacific, other donors, and the people of Dreketi and Korotonatoga.

End of announcement.
