### **Stronger Together Jobs Support Scheme**

Pleass Global Limited manufactures premium water brands AquaSafe and VaiWai in addition to being Fiji's largest food packaging supplier through the Party Time brand. The company has entered with the government in the Stronger Together Jobs Support Scheme and was pleased to be represented on 3<sup>rd</sup> November at the ceremony to announce the employers who have subscribed.

Cate Pleass, Director of Marketing, Quality and HR was present with the Attorney General earlier this week to formalize the participation. Mrs Pleass said "The initiative is both timely and beneficial as we recognise the high levels of unemployment and in particular the significant issues being faced by those that have formerly worked in the informal sector and the many who have lost their jobs due to the impacts being experienced in response to COVID-19."

Pleass Global Limited values our community so we are very grateful for this support from government and it is our quest to ensure we manage this support to engage those in difficult circumstances and provide some respite from the poverty cycle many are experiencing. We applaud government for this initiative. In this period it is very difficult for all employers to create new jobs but we will do our utmost to make this scheme a success."

End of announcement.
