

MESSAGE FROM SPX

The SPX and its subsidiary, Central Share Registry (CSR), this week activated remote operations of its activities and work from home initiative for all its staff. This was deployed in light of the preventative measures announced by the Fijian Government and with an aim to assist and support the tireless efforts of the Ministry of Health to help combat the spread of COVID-19 in Fiji. Trading and settlement of shares has remained unaffected and the SPX team remains available to provide necessary support to its key stakeholders via its online platforms.
