

**Pleass Global Limited Delivers AquaSafe® Water to Ministry of Health**

Pleass Global Limited delivered a large truckload of AquaSafe® water to the Ministry of Health in support of the front liners who are fighting COVID-19 every day. Managing Director Warwick Pleass commented; “we saw the need and worked with the Ministry to make it happen and we are proud to be able to assist”. Pleass Global, based in Namosi, is continuing to operate under a strict COVID-19 safety management system, our employees are being housed at site in the ‘AquaSafe® Bubble’ to protect our staff, customers and business. We applaud the hard work being done by the Ministry and sincere thanks to Honourable Minister Waqainabete for receiving this donation.
