**FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021**

DIRECTORS' REPORT

In accordance with a resolution of the Board of Directors, the directors herewith submit the statement of financial position of Atlantic & Pacific Packaging Company Limited ("the Company") as at 30 June 2021, the related statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended on that date and report as follows:

1 Directors

The following were Directors of the Company at any time during the financial year and up to the date of this report:

- Rohit Punja - Chairman
- Ram Bajekal
- Gary Callaghan - *Resigned on 30th November 2020*
- Pramesh Sharma
- Jenny Seeto - *Appointed on 24th March 2021*
- Leena Punja (Alternate director to Rohit Punja)

2 Principal activities

The principal business activity of the Company is the manufacture of a wide range of packaging materials including corrugated cartons, assorted containers and bags.

3 Trading results

The net profit after income tax for the year was \$2.15m (2020: \$2.04m) after taking into account income tax expense of \$0.25m (2020: \$0.22m).

4 Provisions

There were no material movements in provisions.

5 Dividends

During the year, the Company declared an interim dividend of 5.50 cents per equity share (2020: 5.50 cents) entailing outflow of \$0.44m (2020: \$0.44m). No further dividend is recommended for the financial year ended 30 June 2021.

6 Going concern

The financial statements of the Company have been prepared on a going concern basis. We consider the application of the going concern principle to be appropriate in the preparation of these financial statements as we believe that the Company has adequate funds to meet its liabilities as and when they fall due over the next twelve months.

**ATLANTIC & PACIFIC
PACKAGING COMPANY LIMITED**

**FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021**

DIRECTORS' REPORT (cont'd)

7 Bad and doubtful debts

The Directors took reasonable steps before the financial statements were made out to ascertain that all known bad debts were written off and adequate provision was made for doubtful debts. At the date of this report, the Directors are not aware of any circumstances which would render the amount written off for bad debts, or the amount of the provision for doubtful debts, inadequate to any substantial extent.

8 Current assets

The Directors took reasonable steps before the financial statements were made out to ascertain that the current assets of the Company were shown in the accounting records of the Company at a value equal to or below the value that would be expected to be realised in the ordinary course of the business. At the date of this report, the Directors are not aware of any circumstances which would render the values attributable to the current assets in the Company's financial statements misleading.

9 Impact of COVID-19 pandemic

The outbreak of the COVID-19 pandemic has resulted in heightened uncertainty globally across industry segments. There has been significant adverse financial and social impact in Fiji and globally caused by this pandemic and this has brought about unprecedented slow down across industries. The changes in consumer behavior, buying patterns and working environment arising due to COVID-19 pandemic may pose some challenges for the business. The Company has been focusing on ensuring the safety of its employees and other stakeholders as well as ensuring the availability of its products across the country. Based on current estimates, the Company does not expect any material impact on the carrying amount of these assets and liabilities. The Board continues to review the long term impact of the pandemic and has been taking all steps necessary for the Company to adapt itself to emerging changes and the new normal.

10 Events subsequent to balance date

No charge on the assets of the Company has arisen since the end of the financial year to the date of this report to secure the liabilities of any other person.

No contingent liability has arisen since the end of the financial year to the date of this report.

No contingent or other liability has become enforceable or is likely to become enforceable within a period of twelve months after the date of this report which, in the opinion of the Directors, will or may affect the ability of the Company to meet its obligations as and when they fall due.

11 Related party transactions

In the opinion of the Directors all related party transactions have been adequately recorded in the books of the Company.

12 Other circumstances

At the date of this report, the Directors are not aware of any circumstances not otherwise dealt with in this report or financial statements which would render any amounts stated in the financial statements misleading.

**ATLANTIC & PACIFIC
PACKAGING COMPANY LIMITED**

**FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021**

DIRECTORS' REPORT (cont'd)

13 Unusual transactions

The results of the Company operations during the year have not in the opinion of the Directors been substantially affected by any item, transaction or event of a material and unusual nature other than those disclosed in the financial statements.

14 Directors' interests

Interest of Directors and any additions thereto during the year in the ordinary shares of the Company are as follows:

	Beneficially		Non-Beneficially	
	Additions	Holding as at 30 June 2021	Additions	Holding as at 30 June 2021
Rohit Punja	-	-	-	5,058,268
Ajai Punja (Alternate to Mr. Rohit Punja)	-	-	-	5,058,268

15 Directors' benefits

No Director of the Company has, since the end of the previous financial year, received or become entitled to receive a benefit (other than a benefit included in the total amount of emoluments received or due and receivable by Directors as shown in the Company's financial statements) by reason of any contracts made by the Company with the Director or with a firm of which he/she is a Member, or with a company in which he/she has substantial financial interest.

For and on behalf of the Board and in accordance with a resolution of the Directors.

Dated this 23rd day of September 2021.

DIRECTORS' DECLARATION

The declaration by Directors is required by the Companies Act 2015.

The Directors of the Company have made a resolution that declares:

- a) In the opinion of the Directors, the financial statements of the Company for the financial year ended 30 June 2021:
 - i) comply with the International Financial Reporting Standards and give a true and fair view of the financial position of the Company as at 30 June 2021 and of the performance and cash flows of the Company for the year ended 30 June 2021; and
 - ii) have been prepared in accordance with the Companies Act 2015.
- b) The Directors have received independence declaration by auditors as required by Section 395 of the Companies Act 2015; and
- c) At the date of this declaration, in the opinion of the Directors, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

For and on behalf of the Board and in accordance with a resolution of the Directors.

Dated this 23rd day of September 2021.

AUDITOR'S INDEPENDENCE DECLARATION TO THE DIRECTORS OF ATLANTIC & PACIFIC PACKAGING COMPANY LIMITED

As auditor for Atlantic & Pacific Packaging Company Limited for the financial year ended 30 June 2021, I declare to the best of my knowledge and belief, there have been:

- a) no contraventions of the auditor independence requirements of the Companies Act 2015 in relation to the audit; and
- b) no contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of Atlantic & Pacific Packaging Company Limited during the financial year.

Independent Auditor's Report

To the Shareholders of Atlantic & Pacific Packaging Company Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Atlantic & Pacific Packaging Company Limited (the 'Company'), which comprise the statement of financial position as at 30 June 2021, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 30 June 2021, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Company in accordance with the ethical requirements of the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) that are relevant to our audit of the financial statements in Fiji, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p>Existence of raw materials inventory (Refer also to Notes 2.8 and 12)</p> <p>The Company carries a significant amount of raw materials inventory in order to fulfil a wide variety of customer orders of bespoke nature.</p> <p>Ascertaining and verifying the physical existence of raw materials inventory requires limited judgment. We focused on raw materials inventory due to its quantum, its significance to the Company's financial position, and the significant time and effort required to audit its existence.</p>	<p>Our audit procedures included, among others, the following to confirm the quantities of raw materials on hand at year-end:</p> <ul style="list-style-type: none"> • Understanding and evaluating the appropriateness of the Company's accounting policies, processes and controls over raw materials inventory, including inventory verification and determination procedures. • Attending the annual inventory count at balance date on raw materials inventory at the major location, observing the procedures performed by the Company's count teams and performing test counts on a sample basis to test the accuracy of the count details recorded on the raw materials count sheets at balance date. • Obtaining copies of the raw materials count sheets for the count that occurred at balance date and agreeing all quantities of raw materials inventory from the count sheets to the detailed inventory listing that was used in the costing of the raw materials inventory.

Other Information

Directors and management are responsible for the other information. The other information comprises the information included in the Company's Annual Report for the year ended 30 June 2021 (but does not include the financial statements and our auditor's report thereon).

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard, except that not all other information was available to us at the date of our signing.

Responsibilities of Directors and Management for the Financial Statements

Directors and management are responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards and with the requirements of the Fiji Companies Act, 2015, and for such internal control as the directors and management determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors and management are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors and management either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The directors and management are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors and management.
- Conclude on the appropriateness of the directors' and management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors and management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors and management with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors and management, we determine those matters that were of most significance in the audit of the financial statements for the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the financial statements have been prepared in accordance with the requirements of the Fiji Companies Act 2015, in all material respects, and;

- a) we have been given all information, explanations and assistance necessary for the conduct of the audit; and
- b) the Company has kept financial records sufficient to enable the financial statements to be prepared and audited.

Restriction on Use

This report is made solely to the Company's shareholders, as a body, in accordance with Section 396(1) of the Fiji Companies Act 2015. Our audit work has been undertaken so that we might state to the Company's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

**ATLANTIC & PACIFIC
PACKAGING COMPANY LIMITED**

**NOTES TO AND FORMING PART OF
THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2021**

1 GENERAL INFORMATION

Atlantic & Pacific Packaging Company Limited ('the Company') operates as a manufacturer of a wide range of packaging materials including corrugated cartons, assorted containers and bags. The Company is a limited liability company incorporated and domiciled in the Republic of Fiji. The Company operates predominantly in Fiji and is listed on the South Pacific Stock Exchange.

These financial statements were authorised for issue by the Board of Directors on 23rd September 2021.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted by Atlantic & Pacific Packaging Company Limited are stated to assist in a general understanding of these financial statements. These policies have been consistently applied by the Company except where otherwise indicated.

2.1 Basis of preparation

The financial statements of the Company have been prepared in accordance with the provisions of the Companies Act 2015 and International Financial Reporting Standards ("IFRS") and IFRS Interpretations Committee (IFRS IC) interpretations. The financial statements have been prepared under the basis of historical costs.

(a) New standards adopted by the Company

There are no IFRSs or IFRIC interpretations that are effective for the first time for the financial year beginning on or after 1 July 2020 that have a material impact on the Company.

(b) New standards issued but not effective for the financial year beginning 1 July 2020 and not early adopted

There are no new standards that have been released and not yet adopted that are expected to have a significant financial impact on the Company.

2.2 Segment reporting

The Executive Management is the Company's chief operating decision-maker. Management has determined the operating segments based on the information reviewed by the board of directors for the purposes of allocating resources and assessing performance.

An operating segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different from those of other operating segments. A geographical segment is engaged in providing products or services within a particular economic environment that are subject to risks and return that are different from those segments operating in other economic environments. For reporting purposes, the Company considers itself to be operating in one business segment as its predominant revenue source is from manufacture of packaging materials. Revenue from other sources is not material for the purposes of segment reporting. The Company predominantly operates in Fiji only and hence one geographical segment.

2.3 Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Fijian Dollars, which is the Company's functional currency.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.3 Foreign currency translation (Cont'd)

(ii) Transactions and balances

All foreign currency transactions during the financial year are brought to account using the exchange rate in effect at the date of the transaction. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

2.4 Property, plant and equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation and any impairment loss. Historical cost includes expenditure that is directly attributable to the acquisition and installation of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is de-recognised. All other repairs and maintenance are charged to profit or loss during the financial year in which they are incurred.

Depreciation is calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives, as follows:

Building	3%
Plant & machinery	4% - 33%
Office equipment	15%
Motor vehicles	25%
Furniture and fitting	6% - 15%
Computers	33%

Capital work-in-progress is not depreciated.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.5 Financial assets

(i) Classification

The Company classifies its financial assets at amortised cost.

Management determines the classification of its financial assets at initial recognition. The classification depends on the Company's business model for managing the financial statements and the contractual terms of the cash flows. The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

The Company's financial assets measured at cost consist of cash and cash equivalents, trade receivables, other receivables and term deposits.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.5 Financial assets (Cont'd)

(ii) Recognition and measurement

Regular purchases and sales of financial assets are recognised on trade-date – the date on which the Company commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from them have expired or where they have been transferred and the Company has also transferred substantially all risks and rewards of ownership.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at fair value through profit or loss:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by any impairment losses. Finance income, gains/(losses) arising from derecognition, foreign exchange gains/(losses) and impairment losses are recognised in profit or loss.

(iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses (ECL) associated with its financial assets measured at amortised cost. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For credit exposures where there has not been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses that are possible within the next 12 months (a 12-month ECL). For credit exposures where there has been a significant increase in credit risk since initial recognition, an allowance for impairment is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL). A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Allowance for impairment for trade receivables are recognised based on the simplified approach permitted by IFRS 9 which requires lifetime ECL to be recognised from the initial recognition of the receivables. The Company establishes a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to its customers and the economic environment.

Allowance for impairment for amounts owing by related parties are assessed individually.

The Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is more than 90 days past due.

The Company considers a financial instrument to have low credit risk when its credit risk rating is equivalent to the globally understood definition of 'investment grade'. The Company considers this to be Baa3 or higher per rating agency Moody's or BBB- or higher per rating agency Standards & Poor's.

Allowance for impairment on financial assets carried at amortised cost are presented as net impairment allowance within operating profit. For presentation in the statement of financial position, the related provision allowance are deducted from the gross carrying amount of the financial asset.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.5 Financial assets (cont'd)

(iv) Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. For individual customers, the Company makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

2.6 Offsetting financial instruments

Financial assets and liabilities are offset when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.7 Impairment of non-financial assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment and whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and the value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

2.8 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average cost (WAC) method. The cost of finished goods and work in progress comprises design costs, raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity). It excludes borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business less applicable variable selling expenses.

Inventory quantities are regularly reviewed and an allowance is recorded for any slow moving and/or obsolete inventory based on future demand forecasts, production and servicing requirements, technological changes and other factors.

2.9 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

2.10 Trade receivables

Trade receivables are recognised initially at fair value of the underlying transaction and subsequently measured at amortised cost using the effective interest method less any allowance of impairment. Refer to Note 2.5 for accounting policy in relation to impairment.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.11 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at bank and bank overdraft. In the statement of financial position, bank overdraft is shown as current liabilities.

2.12 Financial liabilities

(i) Classification and subsequent measurement

Financial liabilities are classified as subsequently measured at amortised costs, except for:

- Financial liabilities arising from the transfer of financial assets which did not qualify for derecognition, whereby a financial liability is recognised for the consideration received for the transfer. In subsequent periods, the Company recognises any expense incurred on the financial liability; and
- Financial guarantee contracts and loan commitments.

(ii) Derecognition

Financial liabilities are derecognised when they are extinguished (i.e. when the obligation specified in the contract is discharged, cancelled or expired). The Company also derecognises as financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value. On de-recognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

2.13 Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade payables are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised at cost.

2.14 Leases

As a lessee

Assets and liabilities arising from a lease are initially measured on a present value basis.

Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
- variable lease payments that are based on an index or a rate
- the exercise price of a purchase option if the lessee is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

The Company does not have leases which contain the following:

- amounts expected to be payable by the lessee under residual value guarantees

The lease payments are discounted using the interest rate implicit in the lease, if that rate can be determined, or at the Company's incremental borrowing rate.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.14 Leases (cont'd)

As a lessee (cont'd)

Right-of-use assets and lease liabilities arising from operating lease contracts are initially measured on a present value basis. Lease liabilities include the present value of all fixed payments (less any lease incentives receivable), variable lease payments that are based on an index or rate, any amounts expected to be paid under residual value guarantees, the exercise price of any purchase options that are reasonably certain to be exercised and any payments for terminating a lease if the lease term reflects the exercise of that termination option. The lease payments are discounted using the discount rate implicit in the lease, if that rate can be determined, or the Company's incremental borrowing rate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to interest expense so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Payments associated with short term leases of 12 months or less and leases of low value assets (less than USD 5,000) are recognised as an expense on a straight line basis. Variable lease payments that are not based on an index or rate are recognised as an expense as incurred.

Cash payments for the principal portion of the lease liabilities are presented as cash flows from financing activities. Cash payments for the interest portion are presented as cash flows from operating activities, consistent with presentation of other interest payments. Short-term lease payments, payments for leases of low-value assets and variable lease payments that are not included in the measurement of the lease liabilities are presented as cash flows from operating activities.

Extension options

Extension options are included in a number of property leases. These terms are used to maximise operational flexibility in terms of managing contracts. The majority of extension options held are exercisable only by the Company and not by the respective lessor.

Critical judgements in determining the lease term

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option. Extension options are only included in the lease term if the lease is reasonably certain to be extended.

The assessment is reviewed if a significant event or a significant change in circumstances occurs which affects this assessment and that is within the control of the lessee. The Company leases premises for its production locations and therefore expects to exercise extension options for all leases that contain such options.

The Company presents right-of-use assets and lease liabilities as separate line items in the statement of financial position.

The Company has entered into commercial property leases for its manufacturing locations. Management applied judgment in selecting an appropriate rate to discount the remaining future lease payments when determining lease liabilities under IFRS 16.

Lease liabilities are measured at the present value of the remaining lease payments, discounted using the Company's incremental borrowing rate as at balance date. The incremental borrowing rate is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.14 Leases (cont'd)

As a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Company makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Company considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, the Company applies IFRS 15 to allocate the consideration in the contract.

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term. The respective leased assets are included in the statement of financial position based on their nature.

2.15 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.16 Current and deferred income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantially enacted at the balance date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations is subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognised using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred income tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

2.17 Revenue recognition

Revenue is measured based on the consideration specified in a contract with a customer. The Company recognises revenue when it transfers control over a product or service to a customer. Revenue is presented net of value-added tax and discounts.

The Company's revenues consist mainly of sale of a variety of packaging materials. There are three type of accounts:

(a) *Cash on delivery* - Customers are mostly counter customers who come to buy the goods from the Company's premises by themselves and are not bonded by any contract apart from the requirement to pay before taking possession of the goods and to take those goods on the same day before close of business.

(b) *Advance paying customers* - similar treatment to cash on delivery customers.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

2.17 Revenue recognition (Cont'd)

(c) Credit customers - Customers purchase goods on credit account and shall pay in full at the approved credit period which is normally 30 to 60 days. The maximum credit limit is mutually agreed between the Company and the customer at the time of application for credit account, however the Company reserves the right to vary the credit limit at its discretion.

For local sales, revenue is recognised when invoicing takes place as it is assumed that the deliveries are received by the customer on the same invoice date. For export sales, revenue is recognised in accordance with freight terms with the customer.

All revenue transactions are recognised at a point in time.

2.18 Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the Company's financial statements in the period in which the dividends are declared by the Company's directors.

2.19 Earnings per share

(a) Basic earnings per share

Basic earnings per share (EPS) is determined by dividing profit after income tax attributable to shareholders by the number of ordinary shares as at balance date.

(b) Diluted earnings per share

Diluted EPS is the same as the basic EPS as there are no potential ordinary shares which are considered dilutive.

2.20 Comparative figures

Where necessary, amounts relating to prior years have been reclassified to facilitate comparison and achieve consistency in disclosure with current year amounts.

2.21 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest thousand dollar unless otherwise stated.

3 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Except for allowance for impairment of financial assets carried at amortised cost (Note 2.5), the Company does not have any significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have a significant effect on the amounts recognised in the financial statements.

THE FINANCIAL STATEMENTS (cont'd)
FOR THE YEAR ENDED 30 JUNE 2021**

4 FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of financial risks: market risk (including currency risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance.

Risk management is carried out by the Executive Management. The Executive Management under the directions of the Audit and Finance Committee identifies and evaluates financial and operational risks. The board provides overall direction in risk management.

(a) Market risk

Foreign exchange risk

The Company is exposed to foreign exchange risk arising from various currency exposures with respect to purchase of inventory, primarily with respect to the US, Australian and New Zealand dollar. Foreign exchange risk arises from future commercial transactions and liabilities.

Management has set up a policy to require the Company to manage their foreign exchange risk against their functional currency, in this case the Fijian dollar. Foreign exchange risk arises when future commercial transactions or recognised assets or liabilities are denominated in a currency other than the Fijian Dollar.

For significant settlements, the Company is required to seek quotations from recognised banks and use the most favourable exchange rate for purposes of the settlement.

To determine the Company's sensitivity to foreign exchange risk, the Company calculates an implied volatility in exchange rates by calculating the maximum variation of daily spot rates from the average exchange rate for the year.

As at year end, assets and liabilities denominated in foreign currencies are not significant and hence changes in foreign currencies by 100 basis points is expected to have minimal impact on profit or loss.

Exposure

The Company's exposure to foreign currency risk at the end of the reporting period, expressed in Fijian dollars, was as follows:

	2021		2020	
	USD \$'000	AUD \$'000	USD \$'000	AUD \$'000
Trade payables	(1,992)	(489)	(188)	(210)

(b) Credit risk

Credit risk is managed by management with board oversight. Credit risk arises from cash and cash equivalents, and deposits with banks and financial institutions, as well as credit exposures to wholesale and retail customers, including outstanding receivables.

As part of its risk control procedures, an assessment of the credit quality of a new customer, taking into account its financial position, past experience and other factors is carried out. Individual credit risk limits are then set based on the assessments done. The utilisation of credit limits is regularly monitored. Sales to credit retail customers are settled in either cash or bank cheques.

For banks and financial institutions, independent credit ratings exist for the Company to assess the credit quality of the counterparties and monitor any credit deterioration.

The maximum exposure to credit risk at the reporting date is the carrying value (which is also the fair value) as noted above. The Company does not hold any collateral as security.

The Company applies the IFRS 9 simplified approach to measure expected credit losses for trade receivables.

**ATLANTIC & PACIFIC
PACKAGING COMPANY LIMITED**

**NOTES TO AND FORMING PART OF
THE FINANCIAL STATEMENTS (cont'd)
FOR THE YEAR ENDED 30 JUNE 2021**

4 FINANCIAL RISK MANAGEMENT (cont'd)

(b) Credit risk (Cont'd)

To measure the expected credit losses, trade receivables have been grouped based on shared risk characteristics and the days overdue. The Company uses the 'roll rate' model based on the probability of trade receivables following the movement of cash outstanding from payment status of current through all delinquency buckets until write-off. Loss rates are based on historical credit losses experienced over the past two years. These rates are then adjusted to reflect current and forward looking information based on macroeconomic factors (i.e. GDP growth rates and inflation rates) and the Company's internal evaluation of trade receivables over their expected lives.

The following table provides analysis about the exposure to credit risk and expected credit losses for trade receivables collectively assessed:

	2021		
	Expected weighted average	Gross \$'000	Allowance for impairment \$'000
Current	1.65%	591	10
31 to 60 days overdue	2.89%	101	3
61 to 90 days overdue	5.28%	39	2
91 to 120 days overdue	18.28%	46	8
Over 120 days overdue	24.80%	24	6
Individually assessed	100.00%	32	32
		833	61

	2020		
	Expected weighted average	Gross \$'000	Allowance for impairment \$'000
Current	6.99%	451	32
31 to 60 days overdue	16.25%	15	2
61 to 90 days overdue	32.12%	29	9
91 to 120 days overdue	52.95%	37	20
Over 120 days overdue	100.00%	21	21
		553	84

Movements in the allowance for impairment of trade receivables are as follows:

	2021 \$'000	2020 \$'000
At 1 July	84	126
Reversal of impairment recognised during the year	(22)	(1)
Bad debts written-off	(1)	(41)
At 30 June	61	84

Impairments on cash and cash equivalents have been measured on the 12-month ECL basis and reflects the short maturities of the exposures. The Company considers that its cash and cash equivalents and term deposits have low credit risk based on the external credit ratings of the counterparties.

Impairments on other receivables and amounts owing by related companies are assessed on an individual counterparty basis. Any allowance for impairment is deemed immaterial due to their short term maturities and historical lack of default.

The maximum exposure to credit risk at the reporting date is the fair value of each class of receivable mentioned above. The Company does not hold any collateral as security.

**NOTES TO AND FORMING PART OF
THE FINANCIAL STATEMENTS (cont'd)
FOR THE YEAR ENDED 30 JUNE 2021**

4 FINANCIAL RISK MANAGEMENT (cont'd)

(c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash to meet its present obligations. Management monitors rolling forecasts of the Company's liquidity reserve comprising cash and cash equivalents on the basis of expected cash flow.

The Company's financial liabilities are analysed below into relevant maturity groupings based on the remaining period at balance date to the contractual maturity date, including contractual undiscounted cash flows (consisting of outstanding principal balance plus future interest payments, if any).

	Contractual Maturities of Financial Liabilities				Carrying Amount \$'000
	Up to 1	1 to 2 years	2 to 5	Total	
	year \$'000	\$'000	years \$'000	\$'000	
As at 30 June 2021					
Trade and other payables	1,872	-	-	1,872	1,872
Amounts owing to related companies	567	-	-	567	567
Lease liabilities	517	508	526	1,551	1,450
Total	2,956	508	526	3,990	3,889

	Contractual Maturities of Financial Liabilities				Carrying Amount \$'000
	Up to 1	1 to 2 years	2 to 5	Total	
	year \$'000	\$'000	years \$'000	\$'000	
As at 30 June 2020					
Trade and other payables	1,234	-	-	1,234	1,234
Amounts owing to related companies	456	-	-	456	456
Lease liabilities	526	499	954	1,979	1,815
Total	2,216	499	954	3,669	3,505

The Company has provided security towards amounts borrowed by the various companies within the FMF Foods Limited Group.

d) Regulatory risk

The Company's profitability can be significantly impacted by regulatory agencies established which govern the business sector in Fiji.

5 CAPITAL RISK MANAGEMENT

The Company's objectives when managing capital is to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

During the current year, there were no borrowings held by the Company (2020: \$Nil)

25 IMPACT OF COVID-19 PANDEMIC

The outbreak of the COVID-19 pandemic has posed a grave challenge globally across industry segments. There has been significant adverse financial and social impact in Fiji and globally caused by this pandemic and this has brought about unprecedented slow down across industries. The changes in consumer behavior, buying patterns and working environment arising due to COVID-19 pandemic may pose some challenges for the businesses. The Company has considered the possible effects that may result from this pandemic on the carrying amounts of financial assets, inventory, receivables, loans and advances, property plant and equipment etc as well as liabilities accrued. In developing the assumptions relating to the possible future uncertainties in the economic conditions because of this pandemic, the Company has considered internal and external sources of information. Based on current estimates, the Company does not expect any material impact on the carrying amount of these assets and liabilities. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of laying of these financial statements before the shareholders and the Company will continue to closely monitor any material changes to future economic conditions.

26 EVENTS SUBSEQUENT TO BALANCE DATE

No charge on the assets of the company has arisen since the end of the financial year to the date of this report to secure the liabilities of any other person.

No contingent liability has arisen since the end of the financial year to the date of this report.

No contingent or other liability has become enforceable or is likely to become enforceable within a period of twelve months after the end of the financial year which, in the opinion of the directors, will or may affect the ability of the company to meet its obligations as and when they fall due.
