FOR IMMEDIATE PUBLIC RELEASE

STOCK MARKET ANNOUNCEMENT

Pleass Global Ltd (SPX code PBP) provides further funding to Rotary Pacific Water.

Continuing in our role as Platinum donor to Rotary Water Pacific, today we had the honor of providing another tranche of funds to the foundation for their ongoing and life-changing work.

“This sponsorship through our premium brand VaiWai® natural artesian water provides clean, safe, drinking water and sanitation to communities in need across Fiji and we are very proud to have been partners for many years. We have witnessed first-hand the impact where entire communities have had access to clean water and the resultant disappearance of water-borne illness in the community. Further, we have recently witnessed communities being provided with water outlets in each home in the community, again life-changing for people who have previously carted water in buckets for their daily needs” said Managing Director Warwick Pleass.

Rotary Pacific Water for Life Foundation

Engineering water solutions for safer drinking needs of Fiji's rural communities
