### **MARKET ANNOUNCEMENT**

- **Japanese Language School Update**

We are pleased to advise that 5 Fijians from our Japanese Language School have successfully completed the *Japanese-Language Proficiency Test (JLPT)* conducted through the Japan Foundation.

These Fijians will be travelling to Japan to take a technical examination on 25<sup>th</sup> August 2022 prepared by the Japan Aeronautical Engineers Association and if successful will be provided employment by our partners in Japan.

These students were enrolled in our Japanese Language school in 2019 to take advantage of the Japanese government's introduction of a "Specified Skilled Worker" visa aimed at addressing the serious labour shortage in Japan by accepting experienced foreign human resources with specific expertise and skills.

Chief Executive Officer, Mr Hiroshi Taniguchi said "The pandemic had caused the Japanese language classes to extend beyond the one year we had initially planned but we are grateful that we can finally send some Fijians to Japan."

We wish these students the very best.
