MARKET RELEASE

THE ASCO FOUNDATION DONATES TOYOTA HIACE TO SAI PREMA FOUNDATION

The Asco Foundation ("Foundation"), the charitable arm of Toyota Tsusho (South Sea) Limited("TTS"), proudly donated a 14-seater Toyota Hiace valued at FJD90,000 to the Sai Prema Foundation Fiji ("SPFF").

Mr Kumar, TTS CEO (Acting) and the Asco Foundation Trustee, says the entire Asco & Toyota family profoundly value the well-being of our community, and children are at the heart of our priorities.

He further stated that supporting the Sri Sathya Sai Sanjeevani Children's Heart Hospital Fiji, which provides lifesaving heart surgeries to vulnerable children in Fiji, is an honour. The work done by the Hospital for children with congenital heart disease by providing them with heart surgery and treatment for their condition is very noble.

The multi-seater vehicle will aid in the transportation of the medical team between shifts, help with the community awareness programs, and conduct health checks in rural communities

Mr Tappoo, Director of Sai Prema Foundation, expressed his gratitude to the Asco Foundation for its generosity of donating a 14-seater Hiace vehicle to the Sai Sanjeevani Children's Heart Hospital.

The Sai Sanjeevani Children's Heart Hospital is the first facility of its kind in the South Pacific, where children undergo heart surgery to receive a new "Gift of Life." The Hospital does not have a billing counter, and most significantly, all procedures and treatments are free of charge. The Hospital can function and carry on saving the lives of children in Fiji and the Pacific thanks to the generosity, compassion, and assistance of organisations like the Asco Foundation.

The Asco Foundation continues to grow and impact the lives of the most vulnerable in our communities. Since its inception, the Foundation has assisted several communities and made a difference in people's lives.

Sincerely
ASCO MOTORS

MR. CRAIG SIMS
