FMF FOODS LIMITED AND SUBSIDIARIES

FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

DIRECTORS' REPORT

In accordance with a resolution of the Board of Directors, the Directors herewith submit the consolidated statement of financial position of FMF Foods Limited ("the Company") and its subsidiaries (together forming "the Group") as at 30 June 2022 and the related consolidated statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and report as follows:

1 Directors

The following were Directors of the Company at any time during the financial year and up to the date of this report:

- Hari Punja Order of Fiji, OBE Chairman Emeritus
- Ram Bajekal Chairman
- Sanjay Punja Managing Director
- Rohit Punia
- Pramesh Sharma
- Jenny Seeto
- Ajai Punja Appointed on 6th December 2021
- Leena Punja (Alternate Director to Rohit Punja)

2 Principal activities

The principal activities of the Group is comprised of milling of wheat and whole dunfield peas, manufacturing of packaging materials including corrugated cartons, assorted containers, egg trays and bags, manufacturing of biscuits and snack food products, sale of rice, wheat and related products, investments and signage business.

3 Trading results

The profit for the year from continuing operations of the Group attributable to the members of the Company for the year was \$9.9m (2021: \$9.2m).

4 Provisions

There were no material movements in provisions.

5 Dividends

During the year, the Group has declared an interim dividend of 3.00 cents per equity share (2021: 3.00 cents) entailing outflow of \$4.5m (2021: \$4.5m). No further dividend is recommended for the financial year ended 30 June 2022.

6 Going concern

The financial statements have been prepared on a going concern basis. We consider the application of the going concern principle to be appropriate in the preparation of these financial statements as we believe that the Group has adequate funds to meet its liabilities as and when they fall due over the next twelve months.

FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

DIRECTORS' REPORT (Cont'd)

7 Bad and doubtful debts

The Directors took reasonable steps before the financial statements were made out to ascertain that all known bad debts were written off and adequate allowance made for doubtful debts. At the date of this report, the Directors are not aware of any circumstances which would render the amount written off for bad debts, or the amount of the allowance for doubtful debts, inadequate to any substantial extent.

8 Current assets

The Directors took reasonable steps before the financial statements were made out to ascertain that the current assets of the Group were shown in the accounting records of the Group at a value equal to or below the value that would be expected to be realised in the ordinary course of the business. At the date of this report, the Directors are not aware of any circumstances which would render the values attributable to the current assets in the financial statements misleading.

9 Impact of COVID-19 Pandemic and Russia-Ukraine Conflict

COVID-19 pandemic continues to result in heightened uncertainty globally across industry segments. Additionally, the Geo-Political tension between Russia and Ukraine is further contributing to the global adversities. There has been significant adverse financial and social impact in Fiji and globally caused by the pandemic and the ongoing Russia-Ukraine conflict. The changes in consumer behaviour, buying patterns, worsening supply chain disruptions, inflationary pressures especially on commodity prices and maintaining safe working environment continues to pose challenges for the businesses. Continued volatility in the price and availability of raw materials on account of economic conditions, market demand, production levels and logistic challenges could affect the operational and financial performance of the Group. The Group has mitigation controls put in place to overcome these challenges by ensuring the safety of its employees and other stakeholders as well as ensuring the availability of its products, most of which are daily essentials, across the country. Based on current estimates, the Group does not expect any material impact on the carrying amount of its assets and liabilities. The Board continues to review the long-term impact of the pandemic and the ongoing Russia-Ukraine conflict and has been taking all steps necessary for the Group to adapt itself to emerging changes.

10 Events subsequent to balance date

In accordance with Income Tax (Rates of Tax and Levies) (Amendment) (No. 2) Regulations 2022, commencing from financial year ending 30 June 2024 (tax year 2023), the company will be subject to corporate income tax at the rate of 20%. Accordingly, the current corporate income tax rate of 10% will increase to 20% from financial year ending 30 June 2024.

No charge on the assets of the Group has arisen since the end of the financial year to the date of this report to secure the liabilities of any other person.

No contingent liability has arisen since the end of the financial year to the date of this report.

No contingent or other liability has become enforceable or is likely to become enforceable within a period of twelve months after the date of this report which, in the opinion of the Directors, will or may affect the ability of the Group to meet its obligations as and when they fall due.

FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

DIRECTORS' REPORT (Cont'd)

11 Related party transactions

In the opinion of the Directors all related party transactions have been adequately recorded in the books of the Group.

12 Other circumstances

At the date of this report, the Directors are not aware of any circumstances not otherwise dealt with in this report or financial statements which would render any amounts stated in the financial statements misleading.

13 Unusual transactions

The results of the Group's operations during the year have not in the opinion of the Directors been substantially affected by any item, transaction or event of a material and unusual nature other than those disclosed in the financial statements.

14 Directors' and executive managements' interests

Interest of Directors, Executive Management and any additions thereto during the year in the ordinary shares of the Company are as follows:

÷	Beneficially		Non-Beneficially	
	Additions	<u>Holding</u>	Additions	Holding
Sanjay Punja Rohit Punja	-	-	-	106,124,847 106,124,847
Ajai Punja (Alternate to Sanjay Punja)	-	-	-	106,124,847
Leena Punja (Alternate to Rohit Punja)	-	-	-	106,124,847
Anuj K Patel	-	17,500	-	-
Sandeep Kumar	· ·	1,000	-	-

15 Directors' benefits

No Director of the Company has, since the end of the previous financial year, received or become entitled to receive a benefit (other than a benefit included in the total amount of emoluments received or due and receivable by Directors as shown in the financial statements) by reason of any contracts made by the Group with the Director or with a firm of which he/she is a Member, or with a company in which he/she has substantial financial interest.

For and on behalf of the Board and in accordance with a resolution of the Directors.

Dated this 22nd day of September 2022.

Director

FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

DIRECTORS' DECLARATION

The declaration by Directors is required by the Companies Act 2015.

The Directors of the Company have made a resolution that declares:

- a) In the opinion of the Directors, the financial statements of the Group for the financial year ended 30 June 2022:
 - i) comply with the International Financial Reporting Standards and give a true and fair view of the financial position of the Group as at 30 June 2022 and of the performance and cash flows of the Group for the year ended 30 June 2022; and
 - ii) have been prepared in accordance with the Companies Act 2015.
- b) The Directors have received independence declaration by auditors as required by Section 395 of the Companies Act 2015; and
- c) At the date of this declaration, in the opinion of the Directors, there are reasonable grounds to believe that the Group will be able to pay its debts as and when they become due and payable.

For and on behalf of the Board and in accordance with a resolution of the Directors.

Dated this 22nd day of September 2022.

Independent Auditor's Report

To the Shareholders of FMF Foods Limited

Report on the audit of the consolidated financial statements

Opinion

We have audited the accompanying consolidated financial statements of FMF Foods Limited (the 'Company') and its subsidiaries (together the 'Group'), which comprise the consolidated statement of financial position as at 30 June 2022, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements give a true and fair view of the financial position of the Group as at 30 June 2022, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the consolidated Financial Statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the ethical requirements of the International Ethics Standards Board for Accountant's Code of Ethics for Professional Accountants (IESBA Code) that are relevant to our audit of the consolidated financial statements in Fiji, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

PricewaterhouseCoopers, Level 8 Civic Tower, 272 Victoria Parade, Suva, Fiji. GPO Box 200, Suva, Fiji. T: (679)3313955 / 3315199, F: (679) 3300947

PricewaterhouseCoopers is a member firm of PricewaterhouseCoopers International Limited, each member firm of which is a separate legal entity.

Key audit matter	How our audit addressed the key audit matter
Timing of recognition for export	Our audit procedures included the following:
revenues	
(Refer also to Note 2.18)	• Understanding and evaluating the appropriateness of the Group's accounting policies, processes and controls over the timing of recognition for export sales.
Timing of recognition for export revenues is considered a key audit matter, as sales into overseas markets represent a significant portion of total Group revenues and the appropriate recognition for export revenues is dependent on export sales terms, shipping arrangements and	• Testing the timing of recording export sales by selecting a sample of export sale transactions recorded in the accounting records before and after the balance date, and sighting the sales terms and internal and external shipping documents to ensure if the export sales were recorded in the correct accounting period.
These terms vary by customer and delivery of goods to customers may	• Testing a sample of export sale transactions recorded during the year back to supporting details of sales terms and shipping documents.
take up to a month, thereby increasing the risk of premature recognition of export revenues occurring close to balance date.	• Obtaining confirmations of accounts receivable balances from a selection of export sale customers as at balance date.

PricewaterhouseCoopers, Level 8 Civic Tower, 272 Victoria Parade, Suva, Fiji. GPO Box 200, Suva, Fiji. T: (679)3313955 / 3315199, F: (679) 3300947

Į

Key audit matter	How our audit addressed the key audit matter
Impairment of Property, plant	Our audit procedures included:
For these respective plant and equipment, management has performed value in use calculations to assess whether their associated carrying amounts are recoverable. This area is a key focus of our audit due to the inherent judgement in assumptions used in impairment testing including the uncertainty as to the ongoing impact of global supply chain issues and inflationary pressures on forecast sales, costs and EBITDA margins for the Group's biscuits operation. The key assumptions used in management's discounted cash flow models for the production lines identified to have impairment indicators are sales growth, terminal year, terminal growth rate and discount rate. There was no impairment recorded as a result of the impairment tests carried out by the Group as the recoverable amounts of the respective plant and equipment exceeded the carrying amounts.	 Reviewing key assumptions used in the VIU model in relation to sales growth, costs and EBITDA margins, terminal year sales and EBITDA growth and discount rate, and assessing its reasonableness taking into consideration the strategic and operational initiatives of the Group. Assessing the appropriateness of the terminal growth and discount rates. Reviewing the calculation of the carrying amounts of the assets. Performing a sensitivity analysis over key assumptions to determine whether reasonably possible scenarios would result in impairment of the assets. Reviewing the financial statements to ensure appropriate disclosure of key assumptions.

PricewaterhouseCoopers, Level 8 Civic Tower, 272 Victoria Parade, Suva, Fiji. GPO Box 200, Suva, Fiji. T: (679)3313955 / 3315199, F: (679) 3300947

Other Information

Directors and management are responsible for the other information. The other information comprises the information included in the Annual Report of the Company, Directors' report and the disclosure requirements of the South Pacific Stock Exchange for the year ended 30 June 2022, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard, except that not all other information was available to us at the date of our signing.

Responsibilities of Directors and Management for the Consolidated Financial Statements

Directors and management are responsible for the preparation and fair presentation of the consolidated financial statements in accordance with International Financial Reporting Standards and with the requirements of the Companies Act, 2015, and for such internal control as the directors and management determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Directors and Management are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors and management either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Directors and Management are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the consolidated financial statements.

PricewaterhouseCoopers, Level 8 Civic Tower, 272 Victoria Parade, Suva, Fiji. GPO Box 200, Suva, Fiji. T: (679)3313955 / 3315199, F: (679) 3300947

PricewaterhouseCoopers is a member firm of PricewaterhouseCoopers International Limited, each member firm of which is a separate legal entity.

As part of an audit in accordance with the ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors and management.
- Conclude on the appropriateness of the directors' and management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with directors and management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide directors and management with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

PricewaterhouseCoopers, Level 8 Civic Tower, 272 Victoria Parade, Suva, Fiji. GPO Box 200, Suva, Fiji. T: (679)3313955 / 3315199, F: (679) 3300947

PricewaterhouseCoopers is a member firm of PricewaterhouseCoopers International Limited, each member firm of which is a separate legal entity.

From the matters communicated with directors and management, we determine those matters that were of most significance in the audit of the consolidated financial statements for the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion the consolidated financial statements have been prepared in accordance with the requirements of the Companies Act 2015 in all material respects, and;

- a) we have been given all information, explanations and assistance necessary for the conduct of the audit; and
- b) the Group has kept financial records sufficient to enable the consolidated financial statements to be prepared and audited.

Restriction on Use

This report is made solely to the Company's shareholders, as a body, in accordance with Section 396(1) of the Companies Act 2015. Our audit work has been undertaken so that we might state to the Company's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

FMF FOODS LIMITED AND SUBSIDIARIES

1 GENERAL INFORMATION

FMF Foods Limited ('the Company') and its subsidiaries (together forming 'the Group') engage in the milling of wheat and whole dunfield peas, manufacturing of packaging materials including corrugated cartons, assorted containers and bags, manufacturing of biscuits and snacks food products, sale of rice, wheat and related products and investments. During the year Atlantic & Pacific Packaging Company Limited also started manufacturing egg tray using recyclable materials and also ventured into signage business. The Company is a limited liability company incorporated and domiciled in the Republic of Fiji. The Company and two of its subsidiaries, The Rice Company of Fiji Limited and Atlantic & Pacific Packaging Company Limited are listed on the South Pacific Stock Exchange.

These financial statements were authorised for issue by the Board of Directors on 22nd September 2022.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted by the Group are stated to assist in a general understanding of these financial statements. These policies have been consistently applied by the Group except where otherwise indicated.

2.1 Basis of preparation

The financial statements of the Group have been prepared in accordance with the provisions of the Companies Act 2015 and International Financial Reporting Standards ("IFRS") and IFRS Interpretations Committee (IFRS IC) interpretations. The financial statements have been prepared under the basis of historical costs.

(a) New standard adopted by the Group

There are no IFRSs or IFRIC interpretations that are effective for the first time for the financial year beginning on or after 1 July 2021 that have a material impact on the Group.

(b) New standards issued but not effective for the financial year beginning 1 July 2021 and not early adopted

There are no new standards that have been released and not yet adopted that are expected to have a material impact on the Group.

2.2 Principles of consolidation

Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis, either at fair value or at the non-controlling interest's proportionate share of the recognised amounts of acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (cont'd) FOR THE YEAR ENDED 30 JUNE 2022

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.2 Principles of consolidation (Cont'd)

The excess of the:

- consideration transferred,
- amount of any non-controlliing interest in the acquired entity, and
- acquisition-date fair value of any previous equity interest in the acquired entity

over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognised directly in profit or loss as a bargain purchase.

Inter-company transactions, balances, income and expenses on transactions between group companies are eliminated. Profits and losses resulting from intercompany transactions that are recognised in assets are also eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

2.3 Segment reporting

The Executive Management is the Group's chief operating decision-maker. Management has determined the operating segments based on the information reviewed by the Board of Directors for the purposes of allocating resources and assessing performance.

An operating segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different from those of other operating segments. A geographical segment is engaged in providing products or services within a particular economic environment that are subject to risks and return that are different from those segments operating in other economic environments. The Group operates predominantly within one geographical segment, that is, Fiji. For reporting purposes, the Group considers itself to be operating in three business segments as follows:

- (a) food products manufacture and/or sale of a wide variety of products to its local as well as export market such as biscuits, snacks, peas, flour, etc.;
- (b) packaging materials production of corrugated cartons as well as plastic pails/buckets and nylon bags, egg trays; and
- (c) properties leases out properties to related parties.

2.4 Foreign currency translation

(a) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Fijian Dollars, which is the Company's functional currency and has been rounded to nearest thousands.

(b) Transactions and balances

Foreign currency transactions are translated into the Fijian currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

The assets and liabilities of foreign subsidiaries are translated to Fijian dollars using the exchange rate at the year end. The income and expenses are translated to Fijian dollars at average exchange rates. Foreign currency differences are recognised directly in equity in the foreign currency translation reserve.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (cont'd) FOR THE YEAR ENDED 30 JUNE 2022

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.5 Financial assets

(i) Classification

The Group classifies its financial assets at amortised cost.

Management determines the classification of its financial assets at initial recognition. The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows. The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

The Group's financial assets measured at amortised cost consist of cash and cash equivalents, trade receivables, other receivables and other investments.

(ii) Recognition and measurement

Regular purchases and sales of financial assets are recognised on trade-date – the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from them have expired or where they have been transferred and the Group has also transferred substantially all risks and rewards of ownership.

A financial asset is measured at amortised cost if it meets both of the following conditions:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by any impairment losses. Finance income, gains/(losses) arising from derecognition, foreign exchange gains/(losses) and impairment losses are recognised in profit or loss.

(iii) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses (ECLs) associated with its financial assets measured at amortised cost. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Allowance for impairment for trade receivables are recognised based on the simplified approach permitted by IFRS 9 which requires lifetime ECL to be recognised from the initial recognition of the receivables. The Group establishes a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to its customers and the economic environment.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (cont'd) FOR THE YEAR ENDED 30 JUNE 2022

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.5 Financial assets (Cont'd)

(iii) Impairment of financial assets (Cont'd)

Allowance for impairment for amounts owing by related parties are assessed individually.

The Group considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or
- the financial asset is more than 90 days past due.

The Group considers a financial instrument to have low credit risk when its credit risk rating is equivalent to the globally understood definition of 'investment grade'. The Group considers this to be Baa3 or higher per rating agency Moody's or BBB- or higher per rating agency Standards & Poor's.

Impairments on cash and cash equivalents and other investments have been measured on the 12-month ECL basis and reflects the short maturities of the exposures. The Group considers that its cash and cash equivalents and other investments have low credit risk based on the external credit ratings of the counterparties.

Allowance for impairment on financial assets carried at amortised cost are presented as net impairment allowance within operating profit. For presentation in the statement of financial position, the related allowance is deducted from the gross carrying amount of the financial asset.

(iv) Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. For individual customers, the Group makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

2.6 Cash and cash equivalents

In the statement of cash flows, cash and cash equivalents includes cash on hand, cash at bank, deposits held at call with banks and bank overdraft. In the statement of financial position, bank overdraft is shown in current liabilities.

2.7 Trade receivables

Trade receivables are recognised initially at fair value of the underlying transaction and subsequently measured at amortised cost using the effective interest method less any allowance of impairment. Refer to Note 2.5 for accounting policy in relation to impairment.

2.8 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average cost (WAC) method. The cost of finished goods and work in progress comprises design costs, raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity). It excludes borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (cont'd) FOR THE YEAR ENDED 30 JUNE 2022

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.8 Inventories (Cont'd)

Inventory quantities are regularly reviewed and an allowance is recorded for any slow moving and/or obsolete inventory based on future demand forecasts, production and servicing requirements, technological changes and other factors.

2.9 Property, plant and equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.

Depreciation is calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives, as follows:

Buildings	-	2% - 10%
Plant and machinery	-	4% - 33%
Motor vehicles	-	25%
Furniture, fittings & office machines	-	6.7% - 25%
Computers	-	33%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.10 Impairment of non-financial assets

Non financial assets, except inventories, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and the value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

2.11 Financial liabilities

(i) Classification and subsequent measurement

Financial liabilities are classified at amortised costs, except for:

- Financial liabilities arising from the transfer of financial assets which did not qualify for derecognition, whereby a financial liability is recognised for the consideration received for the transfer. In subsequent periods, the Group recognises any expense incurred on the financial liability; and
- Financial guarantee contacts and loan commitments.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (cont'd) FOR THE YEAR ENDED 30 JUNE 2022

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.11 Financial liabilities (Cont'd)

(ii) Derecognition

Financial liabilities are derecognised when they are extinguished (i.e. when the obligation specified in the contract is discharged, cancelled or expired). The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value. On de-recognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

2.12 Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade payables are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised at amortised cost.

2.13 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost.

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.14 Offsetting financial instruments

Financial assets and liabilities are offset when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.15 Current and deferred income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations is subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognised using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (cont'd) FOR THE YEAR ENDED 30 JUNE 2022

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.15 Current and deferred income tax (Cont'd)

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

2.16 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

2.17 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.18 Revenue recognition

Revenue is measured based on the consideration specified in a contract with a customer. The Group recognises revenue when it transfers control over a product or service to a customer. Revenue is presented net of value-added tax and discounts.

The Group's revenues consist of sale of food products and packaging materials and associated freight charges. Revenue is recognised at a point in time upon the passing of control of goods to the customer. For local sales, revenue is recognised when invoicing takes place as it is assumed that the deliveries are received by the customer on the same invoice date. For export sales, revenue is recognised in accordance with shipping terms with the customer.

The Group arranges for shipping of goods to its export customers. The Group has assessed that control over goods does not pass to the customer before shipment, and therefore records any applicable freight charges at a point in time when control of the goods transfers to the customer in accordance with shipping terms with the customer.

Revenue transactions are settled in one of the following three ways:

- (a) Cash on delivery Customers are mostly counter customers who come to buy the goods from the Group's premises by themselves and are not bound by any contract apart from the requirement to pay before taking possession of the goods and to take those goods on the same day before close of business.
- (b) Advance paying customers similar treatment to cash on delivery customers.
- (c) Credit customers Customers purchase goods on credit account and shall pay in full at the approved credit period which is normally 30 to 60 days. The maximum credit limit is mutually agreed between the Group and the customer at the time of application for credit account, however the Group reserves the right to vary the credit limit at its discretion.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (cont'd) FOR THE YEAR ENDED 30 JUNE 2022

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.19 Leases and right-of-use assets

As a lessee

Assets and liabilities arising from a lease are initially measured on a present value basis.

Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
- variable lease payments that are based on an index or a rate
- the exercise price of a purchase option if the lessee is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

The Group does not have leases which contain the following:

- amounts expected to be payable by the lessee under residual value guarantees.

The lease payments are discounted using the interest rate implicit in the lease, if that rate can be determined, or at the Group's incremental borrowing rate.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs.

Right-of-use assets and lease liabilities arising from operating lease contracts are initially measured on a present value basis. Lease liabilities include the present value of all fixed payments (less any lease incentives receivable), variable lease payments that are based on an index or rate, any amounts expected to be paid under residual value guarantees, the exercise price of any purchase options that are reasonably certain to be exercised and any payments for terminating a lease if the lease term reflects the exercise of that termination option. The lease payments are discounted using the discount rate implicit in the lease, if that rate can be determined, or the company's incremental borrowing rate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to interest expense so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Payments associated with short term leases of 12 months or less and leases of low value assets (less than USD 5,000) are recognised as an expense on a straight line basis. Variable lease payments that are not based on an index or rate are recognised as an expense as incurred.

Cash payments for the principal portion of the lease liabilities are presented as cash flows from financing activities. Cash payments for the interest portion are presented as cash flows from operating activities, consistent with presentation of other interest payments. Short-term lease payments, payments for leases of low-value assets and variable lease payments that are not included in the measurement of the lease liabilities are presented as cash flows from operating activities.

The Group presents right-of-use assets and lease liabilities as separate line items in the statement of financial position.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (cont'd) FOR THE YEAR ENDED 30 JUNE 2022

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.19 Leases and right-of-use assets (Cont'd)

Extension options

Extension options are included in a number of property leases. These terms are used to maximise operational flexibility in terms of managing contracts. The majority of extension options held are exercisable only by the Company and not by the respective lessor.

Critical judgements in determining the lease term

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option. Extension options are only included in the lease term if the lease is reasonably certain to be extended.

The assessment is reviewed if a significant event or a significant change in circumstances occurs which affects this assessment and that is within the control of the lessee. The Group leases premises for its production locations and therefore expects to exercise extension options for all leases that contain such options.

As a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

If an arrangement contains lease and non-lease components, the Group applies IFRS 15 to allocate the consideration in the contract.

Lease income from operating leases where the Group is a lessor is recognised in income on a straightline basis over the lease term. The respective leased assets are included in the balance sheet based on their nature.

The Group's leasing activities are carried out by its subsidiary, FMF Investment Company Pte Limited, which also leases property to other subsidiaries within the Group. Revenue and expenses associated with leasing activities are eliminated on consolidation.

2.20 Employee benefits

Liabilities for employees' entitlements to wages and salaries, annual leave and other current employee entitlements (that are expected to be paid within twelve months) are accrued at undiscounted amounts, calculated at amounts expected to be paid as at balance date.

2.21 Dividend distribution

Dividend distribution to the shareholders is recognised as a liability in the financial statements in the period in which the dividends are declared by the Directors.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (cont'd) FOR THE YEAR ENDED 30 JUNE 2022

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

2.22 Earnings per share

Basic earnings per share

Basic earnings per share (EPS) is determined by dividing profit after income tax attributable to shareholders of the parent by the weighted-average number of ordinary shares as at balance date.

Diluted earnings per share

Diluted EPS is the same as the basic EPS as there are no potential ordinary shares which are considered dilutive.

2.23 Comparative figures

Where necessary, amounts relating to prior years have been reclassified to facilitate comparison and achieve consistency in disclosure with current year amounts.

3 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Except for extension options included under lease terms in property leases and rates for discounting (Note 2.19) and impairment of non-financial assets (Note 29), the Group does not have any significant areas of estimation uncertainty and critical judgments in applying accounting policies that have a significant effect on the amounts recognised in the financial statements.

4 FINANCIAL RISK MANAGEMENT

The Group's activities expose it to a variety of financial risks: market risk (including currency risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

Risk management is carried out by the Executive Management. The Executive Management under the directions of the Audit and Finance Committee identifies and evaluates financial and operational risks. The Board provides overall direction in risk management.

(a) Market risk

Foreign exchange risk

The Group is exposed to foreign exchange risk arising from various currency exposures in respect to purchase of inventory, primarily with respect to the United States and Australian dollar. Foreign exchange risk arises from future commercial transactions and liabilities.

FMF FOODS LIMITED AND SUBSIDIARIES

4 FINANCIAL RISK MANAGEMENT (Cont'd)

(a) Market risk (Cont'd)

Foreign exchange risk (Cont'd)

Management has set up a policy to require the Group to manage its foreign exchange risk against its functional currency, in this case the Fijian dollar. Foreign exchange risk arises when future commercial transactions or recognised assets or liabilities are denominated in a currency other than the Fijian Dollar. For significant settlements, the Group is required to seek quotations from recognised banks and use the most favourable exchange rate for purposes of the settlement. A foreign currency account is also maintained which is used for settlement of foreign currency payments to overseas suppliers.

To determine the Group's sensitivity to foreign exchange risk, the Group calculates an implied volatility in exchange rates by calculating the maximum variation of daily spot rates from the average exchange rate for the year.

Exposure

The Group's exposure to foreign currency risk at the end of the reporting period, expressed in Fijian dollars, was as follows:

	2022			2021		
	USD \$'000	AUD \$'000	NZD \$'000	USD \$'000	AUD \$'000	NZD \$'000
Trade receivables	321	687	243	558	3,565	578
Trade payables	(6,261)	(2,566)	(406)	(6,075)	(7,268)	(722)

Sensitivity

As shown above, the group is primarily exposed to changes in FJD/USD and FJD/AUD exchange rates. The sensitivity of profit or loss to changes in the exchange rates arises mainly from the above foreign currency denominated trade payables and receivables.

	Impact on post-tax profit - gain / (loss)			
	2022		20	21
	USD	AUD	USD	AUD
	\$'000	\$'000	\$'000	\$'000
Exchange rate – increase 10% (2021 – 10%)	100	(235)	286	(259)
Exchange rate – decrease 10% (2021 – 10%)	(115)	286	(234)	212

Interest rate risk

The Group's interest rate risk arises from borrowings and bank overdrafts. Borrowings and bank overdraft issued at variable rates expose the Group to cash flow interest rate risk. There are no borrowings issued at fixed rates. All borrowings are in local currency. The Group regularly negotiates its interest rate with the Banks so that the lowest possible rate is available.

As at 30 June 2022, if interest rates on borrowings and bank overdrafts had been 1,000 basis points higher/lower with all other variables held constant, post-tax profit and equity for the year would have been \$207k (2021: \$149k) lower/higher, mainly as a result of higher/lower interest expense on floating rate borrowings and bank overdraft.

4 FINANCIAL RISK MANAGEMENT (Cont'd)

(b) Credit risk

Credit risk is managed by management with board oversight. Credit risk arises from cash and cash equivalents, and deposits with banks and financial institutions, as well as credit exposures to wholesale and retail customers, including outstanding receivables.

As part of its risk control procedures, an assessment of the credit quality of a new customer, taking into account its financial position, past experience and other factors is carried out. Individual credit risk limits are then set based on the assessments done. The utilisation of credit limits is regularly monitored. Sales to credit retail customers are settled in either cash or bank cheques.

For banks and financial institutions, independent credit ratings exist for the Group to assess the credit quality of the counterparties and monitor any credit deterioration.

The maximum exposure to credit risk at the reporting date is the carrying value (which is also the fair value) as noted below. The Group does not hold any collateral as security.

The credit quality of cash and cash equivalents and other investments is as follows:

	2022 \$'000	2021 \$'000
Cash Bank A	8,301	23,141

Bank A - The Group has cash with the Fiji branch as well as the Australian branch and Papua New Guinea branch of an international bank which has a Moody's credit rating of Aa3 (2021: Aa3).

	2022 \$'000	2021 \$'000
Other investments		
Bank B	-	13,880
Bank C	15,727	
	15,727	13,880

Bank B - At financial year end 2021, the Group had other investments with the Fiji branch of an international bank which had a Moody's credit rating of Baa3.

Bank C - At financial year end 2022, the Group has other investments with a local bank which has a Moody's credit rating of Ba3.

The Group applies the IFRS 9 simplified approach to measure expected credit losses for trade receivables.

To measure the expected credit losses, trade receivables have been grouped based on shared risk characteristics and the days overdue. The Group uses the 'roll rate' model based on the probability of trade receivables following the movement of cash outstanding from payment status of current through all delinquency buckets until write-off. Loss rates are based on historical credit losses experienced over the past two years. These rates are then adjusted to reflect current and forward looking information based on macroeconomic factors (i.e. GDP growth rates and inflation rates) and the Group's internal evaluation of trade receivables over their expected lives.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS (cont'd) FOR THE YEAR ENDED 30 JUNE 2022

FMF FOODS LIMITED AND SUBSIDIARIES

4 FINANCIAL RISK MANAGEMENT (Cont'd)

(b) Credit risk (Cont'd)

The following table provides analysis about the exposure to credit risk and expected credit losses for trade receivables collectively assessed:

		2022	
	Expected weighted average loss rate	Gross carrying amount \$'000	Allowance for impairment \$'000
Current	0.62%	28,550	179
31 to 60 days overdue	1.76%	6,176	109
61 to 90 days overdue	6.89%	2,779	191
91 to 120 days overdue	18.11%	905	164
Over 120 days overdue	28.59%	881	252
Debtors individually assessed	100.00%	833	833
	_	40,124	1,728
		2021	
	Expected weighted average loss rate	Gross carrying amount \$'000	Allowance for impairment \$'000
Current	1.95%	22,682	444
31 to 60 days overdue	4.09%	4,993	204
61 to 90 days overdue	11.75%	1,557	183
91 to 120 days overdue	30.05%	227	68
Over 120 days overdue	38.10%	757	288
Debtors individually assessed	100.00%	683	683
		30,899	1,870

The amounts owing by the related companies arise from normal trading and exposure to credit risk and expected credit losses are separately assessed and no provisions are held at the year end (2021: \$Nil).

Movements in the allowance for impairment of trade receivables are as follows:

	2022 \$'000	2021 \$'000
At 1 July (Reversal of) / increase in loss allowance recognised in profit or loss Bad debts written-off	1,870 (29) (113)	2,455 869 (1,454)
At 30 June	1,728	1,870

Impairments on cash and cash equivalents and other investments have been measured on the 12-month ECL basis and reflects the short maturities of the exposures. The Group considers that its cash and cash equivalents and other investments have low credit risk based on the external credit ratings of the counterparties.

FMF FOODS LIMITED AND SUBSIDIARIES

4 FINANCIAL RISK MANAGEMENT (Cont'd)

(b) Credit risk (Cont'd)

Impairments on other receivables are assessed on an individual counterparty basis. Any allowance for impairment is deemed immaterial due to their short term maturities and historical lack of default.

(c) Liquidity risk

Prudent liquidity risk management implies managing cash generated by its operations combined with bank borrowings. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts and borrowings. Management monitors rolling forecasts of the Group's liquidity reserve comprising cash and cash equivalents on the basis of expected cash flows.

The Group's financial liabilities are analysed below into relevant maturity groupings based on the remaining period at balance date to the contractual maturity date, including contractual undiscounted cash flows (consisting of outstanding principal balance plus future interest payments, if any).

	Contractual maturities of financial liabilities					
·	Up to 1 year	1 to 2 years	2 to 5	Over 5		Carrying

Letters of credit and guarantees are disclosed in the Note 26.

FMF FOODS LIMITED AND SUBSIDIARIES

4 FINANCIAL RISK MANAGEMENT (Cont'd)

d) Regulatory risk

The Group's profitability can be significantly impacted by regulatory agencies established which govern the business sector in Fiji. Specifically, retail and wholesale prices are regulated by Fijian Competition & Consumer Commission.

5 CAPITAL RISK MANAGEMENT

The Group's objectives when managing capital is to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings less cash and cash equivalents. Total capital is calculated as equity plus net debt. During 2022, the Group's strategy, which was unchanged from 2021 was to maintain a gearing ratio of up to 30%.

The gearing ratio for the Group was as follows:

	2022 \$'000	2021 \$'000
Total borrowings (Note 21) Cash and cash equivalents (Note 12)	6,069 45,613	9,261 3,123
Net debt	51,682	12,384
Equity (as shown in the statement of financial position, including NCI)	153,996	149,338
Total capital	205,678	161,722
Gearing ratio	25%	8%

Debt covenants

Under the terms of the major borrowing facilities, the group is required to comply with the following financial covenants:

- the interest coverage ratio must be more than 2.5 times, and
- the ratio of total debt to EBITDA must be not more than 3.5 times.

These financial covenants are consistent with the prior period and managed as part of the Group's capital management. The Group has complied with all its externally imposed capital requirements in the current and prior period.

FMF FOODS LIMITED AND SUBSIDIARIES

17 INVESTMENTS IN SUBSIDIARIES

(a) The Group's principal subsidiaries at year end are set out below. They have share capital consisting solely of ordinary shares that are held directly by the Group, and the proportion of ownership interests held equals the voting rights held by the Group. The country of incorporation or registration is also their principal place of business.

	Country of	% Interest		
	incorporation	2022	2021	Principal activities
Pea Industries Pte Limited	Fiji	100	100	Pea milling
Biscuit Company of (Fiji) Pte Limited	Fiji	100	100	Biscuit manufacture
DHF Pte Limited	Fiji	100	100	Wheat and bakery ingredients sale
FMF Investment Company Pte Limited	Fiji	100	100	Property management
FMF Snax Pte Limited	Fiji	100	100	Snacks manufacture
Biscuit Company (Fiji) Pte Limited	Fiji	100	100	Biscuit manufacture
formerly known as Bakery Company (Fiji) Pte Ltd				
The Rice Company of Fiji Limited	Fiji	75	75	Rice sale
Atlantic & Pacific Packaging Company Limited	Fiji	60	60	Packaging materials manufacture, signage
FMF Foods PNG Limited	PNG	100	100	Trading
FMF Foods New Zealand Limited	NZ	100	100	Trading
London Pet Food Company Pte Limited	Fiji	100	100	Pet food manufacture
London Car Company Pte Limited	FIJI	100	100	Car Sale

(b) During the year, Biscuit Company of (Fiji) PTE Limited was merged with Bakery Company (Fiji) PTE Limited. Consequent to the merger, Bakery Company (Fiji) PTE Limited was renamed to Biscuit Company (Fiji) PTE Limited.

(c) The financial statements of the subsidiaries, The Rice Company of Fiji Limited, FMF Snax Pte Limited and FMF Investment Company Pte Limited are audited by BDO Chartered Accountants.

(d) The operations of London Pet Food Pte Ltd was discontinued in January 2021.

(e) Material non-controlling interests

The two material subsidiaries with non-controlling interests are The Rice Company of Fiji Limited (RCF) and Atlantic & Pacific Packaging Company Limited (ATPACK) with 25% and 40% ordinary shares held by non-controlling interests respectively.

The total non-controlling interest at year end was \$7.89m (2021: \$8.03m), of which \$3.30m (2021: \$3.67m) was for RCF and \$4.60m (2021: \$4.36m) was attributed to ATPACK.

The profit allocated to non-controlling interest for the year was \$0.56m (2021: \$1.40m), of which \$0.15m (2021: \$0.54m) was for RCF and \$0.41m (2021: \$0.86m) was attributed to ATPACK.

The dividends paid to non-controlling interest during the year was \$0.71m (2021: \$0.71m), of which \$0.53m (2021: \$0.53m) was paid by RCF and \$0.18m (2021: \$0.18m) was paid by ATPACK.

20 BANK OVERDRAFT AND BORROWING SECURITIES

The secured borrowings and bank overdrafts of the Group are secured by a first registered mortgage debenture over all the assets of the Group including uncalled capital and unpaid premiums, cross guarantees by the subsidiaries, and a negative pledge by a subsidiary, Atlantic & Pacific Packaging Company Limited, not to lend or grant security to another party.

A separate overdraft facility is secured by other investments (Note 16).

21 BORROWINGS

	2022 \$'000	2021 \$'000
Current		
Secured borrowings	1,791	2,000
Non-Current		
Secured borrowings	4,278	7,261
	6,069	9,261

The carrying amounts of borrowings approximate their fair values.

The group borrowings consist of two seperate borrowings for a term of ten years:

a) \$3,086,667 commencing 22 May 2017

b) \$2,981,800 commencing 1 July 2019

The borrowings are subject to principal and interest payments. The terms of the borrowings are subject to negotiation, and may be cleared in full, refinanced, or otherwise re-negotiated with the bank.

The security details on borrowings are disclosed in Note 20.

22 RIGHT-OF-USE ASSETS AND LEASE LIABILITIES

The Group has leased various land under the crown lease agreements ranging from 60 to 99 years from the Government of Republic of Fiji.

FMF FOODS LIMITED AND SUBSIDIARIES

23

22 RIGHT-OF-USE ASSETS AND LEASE LIABILITIES (Cont'd)

Information about leases for which the Group is a lessee is presented below.

(a) The statement of financial position shows the following amounts relating to right-of-use assets:

	Land	Building	Total
	\$'000	\$'000	\$'000

Expenses		
 Management fees to penultimate holding company 	998	871
- Administrative expenses to penultimate holding company	4	21
 Purchase of consumables from fellow subsidiaries Purchases of raw materials, consumables and packing 	4,373	3,283
materials from other related entities	19,033	7,147
Dividends		
Dividend paid to penultimate holding company	3,232	3,232

The management fees are paid to HPS by the Holding Company and its subsidiaries in accordance with a management agreement the entities have with HPS. Sales, administration fees and purchase of consumables transactions are with the fellow subsidiaries of the Holding Company and its subsidiaries.

FMF FOODS LIMITED AND SUBSIDIARIES

27 RELATED PARTIES (Cont'd)

(e) Related party transactions (Cont'd)

Dividends are paid to HPS by the Holding Company and its subsidiaries, namely Atlantic & Pacific Packaging Company Limited and the Rice Company of Fiji Limited.

During the year, interest-bearing advances were made within the Group.

(f) Key management personnel

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any Director (whether executive or otherwise) of that entity.

During the year the executives identified as key management personnel, with the greatest authority and responsibility for the planning, directing and controlling the activities of the Company were the Managing Director, the Group Chief Financial Officer (CFO) and the Group General Manager.

The amount of compensation of the key management personnel borne by and included in the Group is as follows:

	\$'000	\$'000
Salaries and other short term benefits	882	924

28 IMPACT OF COVID-19 PANDEMIC AND RUSSIA-UKRAINE CONFLICT

COVID-19 pandemic continues to result in heightened uncertainty globally across industry segments. Additionally, the Geo-Political tension between Russia and Ukraine is further contributing to the global adversities. There has been significant adverse financial and social impact in Fiji and globally caused by the pandemic and the ongoing Russia-Ukraine conflict. The changes in consumer behaviour, buying patterns, worsening supply chain disruptions, inflationary pressures especially on commodity prices and maintaining safe working environment continues to pose challenges for the businesses. Continued volatility in the price and availability of raw materials on account of economic conditions, market demand, production levels and logistic challenges could affect the operational and financial performance of the Group. The Group has mitigation controls put in place to overcome these challenges by ensuring the safety of its employees and other stakeholders as well as ensuring the availability of its products, most of which are daily essentials, across the country. Based on current estimates, the Group does not expect any material impact on the carrying amount of its assets and liabilities. The Board continues to review the long-term impact of the pandemic and the ongoing Russia-Ukraine conflict and has been taking all steps necessary for the Group to adapt itself to emerging changes.

29 IMPAIRMENT OF PLANT AND EQUIPMENT

Following the restructure of the Group's biscuit manufacturing operations, the Group determined that certain plant and equipment used in the biscuit production lines required a calculation of the recoverable amount as there were impairment indicators.

FMF FOODS LIMITED AND SUBSIDIARIES

29 IMPAIRMENT OF PLANT AND EQUIPMENT (Cont'd)

The key assumptions used in the value in use calculations were as follows:

Key assumptions	Percentage
	used %
Sales growth – base year	15.00%
Sales growth – remaining years	1.00%
EBITDA margin – base year	28.70%
EBITDA margin - terminal year	28.70%
Terminal growth rate	2.00%
Discount rate	19.67%

The Group assessed individual production lines as cash generating units (CGUs) for purposes of assessing impairment.

The significant sales growth in the base year (2023) reflects the return to normal trading levels following significant COVID-19 related restrictions for the Group in financial year 2022. The sales growth from 2024 have been set at 1% on conservative basis. EBITDA margins are consistent with historical trends and are expected to be maintained moving forward.

The terminal growth rate is calculated based on continuous sales growth at a minimum projected inflation estimated at 2.0%. The discount rate of 19.67% represents the Group's current weighted average cost of capital taking in to account its current level and cost of borrowings and returns to shareholders.

Based on the calculation, the carrying amount of the CGU was determined to be lower than its recoverable amount, and no impairment was recorded.

30 EVENTS SUBSEQUENT TO BALANCE DATE

In accordance with Income Tax (Rates of Tax and Levies) (Amendment) (No. 2) Regulations 2022, commencing from financial year ending 30 June 2024 (tax year 2023), the company will be subject to corporate income tax at the rate of 20%. Accordingly, the current corporate income tax rate of 10% will increase to 20% from financial year ending 30 June 2024.

No charge on the assets of the Group has arisen since the end of the financial year to the date of this report to secure the liabilities of any other person.

No contingent liability has arisen since the end of the financial year to the date of this report.

No contingent or other liability has become enforceable or is likely to become enforceable within a period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may affect the ability of the Group to meet its obligations when they fall due.
