MARKET RELEASE

THE ASCO FOUNDATION DONATES 500 DISASTER RELIEF KITS TO NDMO

Asco Motors wishes to announce that its charitable arm, The Asco Foundation, has donated 500 disaster relief kits valued at FJD \$73,525 to the Fiji National Disaster Management Office (NDMO).

The Acting CEO of Asco Motors, Mr Ronald Kumar, states, "The Asco Motors Foundation is always ready to support the larger community, and it is important that we are always prepared to mitigate the effects of natural disasters." He also mentioned that the health and safety of the people are paramount.

"Seeing the increased frequency and intensity of disasters globally, such as the earthquake in Turkey and Syria and the cyclone and flash floods in New Zealand- serves as a great reminder for us to be prepared at all times," said the Director of NDMO, Ms Vasiti Soko, in her remarks during the handover of the disaster relief kits.

Ms Vasiti Soko, on behalf of the Government, thanked the Asco Foundation Trustees, Management and staff for their kind thoughts in extending this donation to their Office to assist ordinary citizens during disasters. She assured the Asco team that their donations would go a long way in supporting families in the immediate aftermath of future disasters.

The Asco Foundation is a charitable organization through which Asco Motors Fiji supports worthy causes and has been operating for several years and has supported various initiatives for the underprivileged such as education, vulnerable children, environment and health and safety.

Sincerely

ASCO MOTORS
