

**Press Release – 10 April 2026 – For Immediate Release**

## **Delay in Circulation of Printed Copies of Sun Insurance’s 2025 Annual Report**

Sun Insurance wishes to inform its valued shareholders and stakeholders that the 2025 Annual Report was successfully completed and published online on 9 April 2025, in accordance with the required notice period. The same can be accessed via company website or SPX website.

However, we regret to inform you that the distribution of printed copies of the 2025 Annual Report will be delayed by at least 10 days. This delay is due to the expected late arrival of the supplies from overseas supplier. This year, in our efforts to improve the quality and presentation of our Annual Report, we have engaged an overseas printing service provider, which has resulted in a longer production and logistics timeline.

We acknowledge that this delay constitutes a non-compliance with the SPX Listing Rules regarding the timely distribution of annual reports. Please be assured that the delay is beyond our control, and the Company is doing everything possible to expedite the process. Once we receive the printed copies, they will be distributed promptly to all shareholders. Additionally, for the convenience of our shareholders, extra copies will be made available at the upcoming Annual General Meeting (AGM).

The AGM is scheduled to be held as planned on 30 April 2026. We remain committed to transparency and ensuring all shareholders have access to our financial and corporate information.

Sun Insurance is dedicated to continuously enhancing the quality and presentation of its annual reporting. To this end, we have engaged reputable overseas printing services to achieve better design and production standards. Unfortunately, ongoing global disruptions affecting printing operations and logistics have caused unforeseen delays.

Chairman Mr. Padam Lala sincerely apologizes for any inconvenience this delay may cause and thanks all shareholders for their understanding and continued support during this time.
