PRICE ADJUSTMENT

A Price Setting Trade Framework took effect for all equity listed securities on SPX on 18 August 2026. Under the framework, only trades of sufficient size determine the official reference price of a security. Where a trade below the qualifying size changed the reference price of a security, the Exchange made a price adjustment to restore the price to the most recent qualifying level.

A total of 12 price adjustments were made across 8 securities during the period 28 September to 02 October 2026. Price adjustments are made by the Exchange, do not involve any investor or member, do not settle, and are excluded from the trade, volume and turnover statistics reported elsewhere in this report.
