

Press Release – 27 February 2026

Sun Insurance Group Launches Sun Stockbrokers in Historic Step for Fiji's Capital Markets

Sun Insurance Group is pleased to announce the launch of Sun Stockbrokers, marking a significant milestone in Fiji's financial sector and reinforcing the Group's strategic expansion into financial services.

The Reserve Bank of Fiji and the South Pacific Stock Exchange have granted conditional approval to Sun Capital Pte Ltd, trading as Sun Stockbrokers, to establish and operate as a licensed stockbroking firm. The new entity will operate as a wholly owned subsidiary of Sun Insurance Co Ltd, reflecting the Group's confidence in the future growth of Fiji's capital markets and its commitment to delivering comprehensive, client-focused financial solutions.

Final licensing and infrastructure preparations are now underway to ensure operational readiness.

This development is particularly significant as it marks the first introduction of a new stockbroker in Fiji in 25 years. Sun Stockbrokers is expected to strengthen market participation, enhance liquidity, and broaden access to investment opportunities for both individual and institutional investors.

Padam Lala, Chairman of Sun Insurance Group, said:

“We are delighted to enter the stockbroking industry at such an important time for Fiji's financial markets. This initiative represents a transformative step in how investment services are delivered, with a strong focus on accessibility, innovation, and investor confidence. We believe Sun Stockbrokers will play an important role in deepening market participation and supporting long-term economic growth.”

The official launch of Sun Stockbrokers is scheduled for May 2026, with a soft launch planned beforehand to commence trading activities progressively. This phased approach will allow for system refinement, client onboarding, and market familiarisation ahead of full operations.

Akanshni Lata, General Manager of Sun Stockbrokers, added:

“Our team is ready to contribute to the growth and development of Fiji's capital markets. Through innovation, professionalism, and a client-focused approach, we aim to expand investment opportunities and deliver exceptional service to investors and stakeholders.”

A distinctive feature of the new venture is its commitment to diversity and inclusion. Sun Stockbrokers will be staffed entirely by qualified women professionals, underscoring the Group's commitment to advancing female leadership and creating meaningful opportunities within Fiji's financial sector.

As Sun Insurance Group embarks on this expansion, it remains committed to excellence, innovation, and contributing positively to Fiji's economic development. Sun Stockbrokers is positioned to become a trusted partner for investors across Fiji and the South Pacific, supporting wealth creation and capital market growth.

Further updates regarding the launch and upcoming initiatives will be shared in due course.
