CFL Expands Radio Coverage with New Nayavu Transmitter

Communications Fiji Limited (CFL) is pleased to announce the LIVE activation of its new transmission site at **Nayavu, Ra**, strengthening radio coverage for communities across Ra, Tailevu, Naitasiri and surrounding areas.

The site will extend and strengthen access to CFL's five radio stations for listeners across **Nayavu, Matawailevu, parts of Ra, Dawasamu, Natovi, Korovou, including parts of Naitasiri and Tailevu** and will improve coverage for travellers along the Kings Highway.

Listeners in these areas will be able to tune in to the following frequencies:

- **FM96 – 96.4 FM**
- **Radio Navtarang – 101.2 FM**
- **VITI FM – 92.4 FM**
- **Legend FM – 98.8 FM**
- **RADIO Sargam – 103.6 FM**

CFL is encouraging listeners in the new coverage areas to **retune and save the new frequencies** for their preferred stations.

The installation is part of CFL's ongoing investment in strengthening its broadcast network and improving access to reliable radio services for communities outside Fiji's major urban centres.

CFL General Manager **Charles Taylor** said the investment reflects the company's commitment to keeping communities connected.

"Radio remains an important source of information, entertainment and connection for communities across Fiji. The investment in our Nayavu site is about strengthening that access and ensuring listeners travelling along and living in this corridor can receive CFL's five radio services more reliably.

This reinforces our position as the media organisation with the biggest reach in Fiji".

Retune and stay connected with Communications Fiji Limited.
