Life Changing Moments

with water and sanitation project commissioning at Wainimakutu Village, Fiji.

VaiWai® Natural Artesian Water has been a platinum donor to Rotary Water Pacific for many years and as a company we are heavily invested in ensuring communities across Fiji have access to safe water and sanitation solutions. On 21st December 2023, Rotary Pacific Water commissioned a marvellous water system at Wainimakutu Village, Namosi providing safe water, sanitation and hand-washing stations to the primary and secondary schools in the village and the homes in the village. In addition, the community has been provided with training in water management and management of the water treatment system. Funded by VaiWai® Natural Artesian Water, New Zealand Aid, Vodafone ATH Fiji Foundation and Rotary New Zealand World Community Service this project has been life changing for the entire community.

Water is truly the gift of life and VaiWai® natural artesian water is extremely proud of this project along with the hundreds of other projects that Rotary Pacific Water has provided.
