MARKET RELEASE

TOYOTA TSUSHO (SOUTH SEA) LIMITED ANNOUNCES DISCONTINUATION OF YAMAHA POWER PRODUCTS SALES

Toyota Tsusho (South Sea) Limited regrets to inform our valued customers that we will no longer be selling Yamaha Power Products in the Pacific Islands region, including generators and water pumps.

This decision is due to Yamaha Motor Co., Ltd. (YMC) discontinuing its Power Products business in this area. It is worth noting that YMC has already stopped producing Power Products for this region.

We understand this may concern our customers who have purchased Yamaha Power Products from us. We assure you that your warranty will remain valid, provided the product is used per the conditions outlined in the owner's manual.

The warranty duration is determined by the terms specified in the purchase contract.

In addition, we are committed to ensuring that spare parts for Yamaha Power Products will remain available for the next ten years, subject to supplier availability.

Although we have a limited stock of Yamaha Power Products, we encourage customers to take advantage of this opportunity and purchase these high-quality items while supplies last.

We are committed to providing excellent customer service and apologise for any inconvenience caused.

For further information on this market release, please contact Mr Ajitesh Prasad at aprasad@asco.com.fj
